## ZACATECAS TAKEN BY REBELS ON TUESDAY

## VILLA LED VAN OF FIERCE BATTLE

San Luis Potosi Reported To-day to Have Fallen in Hands of Rebels

## ZACATECAS FIGHT WAS BLOODIEST OF THE WAR

Villa Will March Forces on to Strongholds Yet Between Him and Capital

ZACATECAS, June 24.—(Delayed Dispatch)—The fiercest fighting of the revolution with unusually heavy losses on both sides, ended last night (Tuesday) in the capture of Zacatecas by Villa. A four days battle was required to take the stronghold. Federal General Barron defended the city stubbornly but was finally overcome by the combined forces of Gen. Villa and Natera. The Constitutionalists advanced over hill after hill, sometimes going on their hands and knees. Gen. Villa was in the van. General Trinidad Rodriguez, one of Villa's most trusted brigadiers was mortally wounded.

**Rodriguez Dies**  
General Trinidad Rodriguez, one of Villa's chief lieutenants, died of wounds received during the capture of Zacatecas on Tuesday.

**Terrific Loss of Life**  
JUAREZ, June 25.—The loss of Zacatecas at sundown Tuesday night after one day of terrific fighting cost the Mexican federalists two thousand killed and four thousand wounded, according to official reports today from Gen. Villa at the front. The same messages said five hundred Constitutionalists were slain and four hundred wounded. The Constitutionalists here are inclined to believe Villa has underestimated his own loss. All reports today unite in the assertion that the battle was the fiercest of the revolution. The federalists resisted stubbornly but were literally cut to pieces by the Constitutionalists who pursued them, inflicting frightful losses. Villa reported that he took five thousand prisoners, captured six thousand rifles, twelve cannon, three carloads of shrapnel, nine train loads of provisions and miscellaneous supplies. He said the federalists dynamited the principal buildings before evacuating the city, including the treasury and stamp office, and the largest bank.

**Why Misleading Reports**  
Rebel leaders here are unable to explain the continual arrival of messages yesterday saying the attack was about to begin, when the city was already in rebel hands at that time. They believe the messages should have been dated the previous day and were delayed in transmission, or else Villa was unwilling for his positions to be known until the city was entirely in his hands. General Maclevo, Herrera, Ortega and Rodriguez personally led charges against the federal defenses, their exhibition of courage, Gen. Villa's wires said, being the finest he had ever witnessed. The latter three generals were wounded. Tuesday afternoon the federal cannon was silenced. The infantry was driven from cover, the entire federal force being rushed back into the city proper with the rebels hot on their heels. For the time street fighting was general with heavy losses on both sides. The defenders were finally routed, fleeing southward and destroying the railroad as they went.

This must be restored before Gen. Villa can prosecute his campaign against Aguas Calientes. Gen. Barron with the remnants of the federalists is trying to effect a juncture with Gen. Velasco and Gen. Maas, which would give the federalists twenty-five thousand men, a hundred cannon and several hundred machine guns for the final stand. Gen. Villa has nineteen thousand men. Rebel Gen. Gonzales on the east coast has twelve thousand troops which can be requisitioned if needed.

**Zacatecas Capture Confirmed**  
LAREDO, Texas, June 25.—The customs collector at Nuevo Laredo received a telegram from Gen. Carranza confirming the capture of Zacatecas by the rebels.

## ICE WAGON DRIVERS ON STRIKE IN ST. LOUIS

ST. LOUIS, June 25.—A strike of ice wagon drivers has been inaugurated, affecting three ice companies. It is feared it may effect the large distributors of the product in the city. The strike was called yesterday at the height of the heated term, causing much discomfort.

## SAN LUIS POTOSI IS REPORTED CAPTURED

TORREON, June 25.—The rebels under Generals Carrera and Torres have captured San Luis Potosi, according to a short telegram received here. The message said the federalists lost heavily and had retreated toward Aguas Calientes. The rebel capture of Zacatecas and San Luis Potosi leaves Aguas Calientes and Queretaro the only federal strongholds between the Constitutional army and the Mexican capital.

## Bulletins of News

Hot from the wire up to 3:30 p. m.

### THE WEATHER

Fair tonight and Friday; westerly winds.

### Memorial Tablet of Geo. Washington Trip Unveiled

NEW YORK, June 25.—With city and state officials presiding, a tablet memorializing the stop George Washington made here 139 years ago today on his trip by horseback to Cambridge, Mass., to take charge of the Continental army there, was unveiled.

### Advertising Clubs Close Convention Today

TORONTO, Canada, June 25.—After sessions lasting five days, the annual convention of the Associated Advertising Clubs of America adjourned here today. Many of the delegates will remain over tomorrow and leave early Saturday morning for their homes.

### War Veterans' Age No Bar to Postoffice Exams

WASHINGTON, June 25.—The senate yesterday passed a bill to allow Federal and Confederate veterans of the Civil War to take the fourth-class postoffice examination regardless of their age.

### Women Present Drinking Fountain at Redondo Beach

REDONDO BEACH, June 25.—The ladies of the Civic Outlook Club have presented the city with a public drinking fountain which will be established on Emerald street with appropriate ceremonies within a few days.

### Hibernians Hold Athletic Meet and Picnic

CHESAPEAKE BEACH, Md., June 25.—A joint athletic meet and picnic was held here yesterday by members of the Ancient Order of Hibernians of Baltimore and Washington. The athletics were under the auspices of the A. A. U. in charge of Daniel N. Hassett, of the Irish-American Athletic Club of New York.

### Spanish War Heroes Honored Today

EASTON, Penn., June 25.—A monument to the memory of those killed in the Spanish-American war was unveiled here yesterday with appropriate ceremonies by civic and military organizations. President Wilson had been invited to the ceremonies.

### Engineers in Session Today in Chicago

CHICAGO, June 25.—The seventh annual convention of the National Gas Engine Association opened here yesterday and will be in session three days. Mechanical engineers and professors of mechanical engineering from all over the country are in attendance.

## FLOODS HALTED S. P. TRAFFIC TODAY

Coast Trains Held—Torrential Rains Flood the Entire Redding Canyon

DUNSMUIR, Cal., June 25.—Through traffic on the Southern Pacific was delayed by a washout today when a wall of water, the result of a cloudburst, swept away a temporary trestle near here. Another flood washed away some temporary bridge banks. All the main line trains between Oregon and California are held. Officials expect to restore the traffic tonight.

### Redding Canyon Flooded

REDDING, Cal., June 25.—The entire Redding canyon is flooded from the torrential rains since Tuesday. Ten miles north of here 100 feet of the Southern Pacific track is gone. Several landslides are reported. Much crop damage has been done.

**GO TO SCHOOL NEXT MONDAY AT THE ORANGE COUNTY BUSINESS COLLEGE.**

## THE CITY DADS STAND PAT ON CURVE

Not Moved by Urgent Representation of Orange, Asking Action

### CITY IS DEMANDING EXTENSION TO EAST

M. L. Hubermann Wins Contract for Paving West Fifth Street

The Fourth and Main street curve drew forth a reaffirmation of the stand of the Santa Ana city trustees at a meeting held last night. The trustees are standing pat on their ultimatum. They have declared that they will not give the P. E. a franchise to build a curve around the First National Bank corner until the P. E. finishes the double track between Santa Ana and Los Angeles and until the P. E. extends its line east on East Fourth street to the city limits.

When the trustees met last night to consider bids received for paving West Fifth street, a delegation from Orange was present. S. M. Cradick was the first of several well known men of Orange to address the Santa Anans. Cradick pointed out that failure to get the curve is presenting Orange from getting through service. When that curve is established cars from Los Angeles will go straight through on the new track to Orange. At present a local service is given. Cradick pointed out that Orange has done everything that could be asked of it, and that the relations between the cities were such that Santa Ana should consider Orange's needs in the matter. J. W. Morrison, Hallman, and Trustee Smith followed with talks for Orange, emphasizing the fact that Orange will be much pleased if Santa Ana will allow the curve to be put in.

Trustee McPhee made the first statement for the Santa Ana board. He stated that his attitude, and the attitude of the board as a whole, was well known, but for the benefit of the visitors he would again explain it. He went back over the history of Santa Ana's connections with the P. E., and referred to a number of controversies and difficulties that have arisen. He said that the P. E. knew well a year and a half ago that Santa Ana wanted the East Fourth street extension, and knew that it was necessary to make that extension in order to secure the curve. He said that the P. E. had failed to do what in reason it should have done, and is now playing Orange against Santa Ana in order to get what the P. E. wants without having to give to Santa Ana what the Santa Ana trustees believe sincerely that Santa Ana is entitled to. So far as he was concerned he had not changed his mind. The P. E. could very quickly settle the matter by doing what McPhee considers the right, fair thing.

Trustee Ey followed with a talk just as plain, setting forth that he would not change his attitude. Tax Agent Hill, representing the P. E., stated that his company was willing to put up a bond to build the extension, in order to get the curve franchise.

Alderman replied that Santa Ana does not want a bond. It wants the East Fourth street extension, and he could see no reason for backing down from the position taken by the Santa Ana board.

City Attorney Heathman declared that he believes the P. E. ought to have the curve franchise. In fact, he said he was convinced that under the present franchise the P. E. could go right ahead and take it, and the Santa Ana board cannot help it. He was convinced that the Santa Ana board ought to allow the P. E. the franchise for the curve.

McPhee jocularly replied to Heathman's remarks by saying that he had always known Col. Heathman as a warm-hearted gentleman, but in this instance certainly great minds are not running along the same channel. And that was about as far as the matter got. The Orange people and the P. E. tax agent returned to their homes without having made any visible impression upon the stand taken by the Santa Ana board.

**Huberman Got It**  
Max L. Hubermann was given the contract for paving West Fifth street from Garnsey to Baker. His bid, received at a previous meeting, was 11.75 cents per square foot. L. F. Hewitt Co. had bid 11.7 cents, but his bid was construed not to be in legal shape. Hewitt paid to get an opinion from Judge Austin of Los Angeles, a street procedure expert. That opinion was that the bid was full of holes, and it was doubtful even if attempts were made to remedy it that Hewitt could be made to finish the job if he cared not to do so. With that opinion, the trustees gave the contract to the higher bidder.

**Santa Ana Painless Dentists, 102 1/2 East Fourth St. Main 253.**

## H.B. CLAFLIN CO. IN HANDS OF RECEIVER

One of World's Largest Dry Goods Firms Involved in Sum of 25 Millions

### SUBSIDIARY CONCERNS WILL ALL BE CARED FOR

Fate of Eastern and Western Branches Has Not Yet Been Announced

NEW YORK, June 25.—Receivers were appointed today for H. B. Claflin & Co., one of the world's largest dry goods firms. It is reported that the receivership involves \$25,000,000.

It is asserted that all the subsidiary retail concerns will be cared for not the Claflin branches throughout the East and Middle West would be closed.

It is understood the United Dry Goods Company, the Associated Merchants and other Claflin controlled organizations are not involved directly in the receivership.

The Claflin company's financial reputation was of the highest. It was not a heavy borrower on its own paper, but had extensively endorsed notes for its branches which are dependent on the Claflin name for credit. John Claflin, the company's head, today issued a statement that the upturn movement of business had curtailed the establishment's wholesale profits, compelling it to rely mainly on the financing of its retail stores through the country. He explained that "their rapidly expanding business had occasioned capital requirements which we were unable to meet."

It is stated that a reorganization plan will be presented to the creditors of the Claflin firm.

## FATAL TRY-OUT OF HIS NEW AUTO

Five Killed, One Fatally Hurt as Car Plunged Over White's Point at San Pedro

SAN PEDRO, June 25.—Five people were killed and one seriously, perhaps fatally injured, when the automobile in which they were riding plunged last night over a 125 foot bluff at Whites Point to the beach.

The dead: Miss Lora Townsend, postal clerk, San Pedro; Miss Myrtle Brandon, postal clerk, Wilmington; Mrs. Laura Townsend, San Pedro; Harry Baker, a wireless operator at Los Angeles; Bryan Clark, aged 17, of Los Angeles.

The injured: Percy Townsend, wireless operator at San Pedro. Townsend sustained a broken collar bone, broken ribs and internal injuries. He was brought to the hospital here. Late in the day he was reported as resting well.

Baker yesterday purchased a new automobile and took the party for a trial spin, leaving San Pedro at 6 o'clock last night. It is believed the accident occurred at about 8 o'clock. The bodies were found at daylight by Japanese fishermen. They lay beneath the car which fell close to the surf line. The body of Bryan Clark was not found till later when it was discovered in the ruins of the automobile. A card in his pocket bore the name "Harry Harms," but the police, believing he came from the city with Baker, began an investigation, finding out the boy's name.

**NEWLANDS' IDEA FAVORED**  
WASHINGTON, June 25.—General approval of an amendment to the Rivers and Harbors Bill for a government commission to map out a comparative plan of internal waterway improvement was given at a recent day's Cabinet meeting. Such an amendment was introduced Monday by Senator Newlands. It is designed to do away with the so-called "pork barrel" system of making rivers and harbors appropriations.

## McFADDEN SAYS STATE PAVING, THIS COUNTY, IS GOING TO PIECES

Associated Chambers Asks State Not to Accept Work So Far Done Here--- Free Library Plan to Investigate

The state highway work that has been done in this county was roundly condemned by County Highway Commissioner R. J. McFadden at the monthly meeting of the Associated Chambers of Commerce at Brea last night. The Associated Chambers straightway passed a resolution urging that the road be not accepted by the State Highway Commission.

This action was the most important that was taken by the organized county boosters last night. It took but a few minutes. Among other matters that came up for discussion was the proposed county free library, and that question developed into a scrappy controversy and the appointment of a committee to make a thorough investigation of the merits of the two library systems possible under the state law.

**Fears Acceptance**  
County Highway Commissioner McFadden of Anaheim said that he had spent the last two days on matters pertaining to the state highway between Santa Ana and Fullerton, and he was convinced that unless some drastic action is taken the State Highway Commission will accept the road in its present condition.

"We ought to do our best to stop the acceptance of that road, at least until it is repaired," said he. "The base is now down, and it is going to pieces very fast. And the indications are that the rest of the state road to be built in this county is going to be just as bad if not worse than this. The concrete mixture is supposed to be seven and a half of sand and gravel to one of cement. That is the very best that goes down, and a good deal of it is far short of that in cement. The contractor told me that he could not do it any different."

McFadden afterward stated that the state furnishes the cement and the inspector distributes the cement along the street to be paved, and if the contractor uses any more cement than is laid out for him he has to pay for it. No allowance is made for differences of an inch in thickness of the base.

"It is going to pieces all over," said McFadden. "At the rate it is disintegrating it will not be long before we will have no state highway to show for the \$400,000 worth of bonds purchased by the bankers and the county."

L. H. Wallace of Newport Beach moved that the Associated Chambers recommend that the State Highway Commission does not accept the work so far done in this county.

T. L. McFadden of Placentia asked that a resolution be passed in the strongest language possible be drawn up. The motion was passed, and the good roads committee is to draw up the resolution.

Gustave Stern, president of the Associated Chambers, said that the base of the road between the Los Angeles line and Fullerton is just as bad as the base south of Fullerton.

McFadden's declarations were all to the effect that the contractor has been prevented from doing good work because the state will not allow him to

## HOW GOVERNOR JOHNSON'S ADMINISTRATION IS HELPING THE FARMERS OF THE STATE

TULARE, June 24.—John Francis Neylan, chairman of the State Board of Control delivered an address here yesterday to a large non-partisan audience.

Some of the things he said were strikingly interesting and significant, as the following extract from his speech will show: "Those who controlled the finances of California's state government prior to 1911, apparently considered the agricultural interests of the state of so little value that they would rather waste the money available in paying extravagant prices to enrich a few contractors than to put it into an agency that would develop the farms and groves."

"While Minnesota, Iowa, Wisconsin, Kansas, Pennsylvania were developing their agricultural colleges and making them the advisors and helpers of the farmers, California's Agricultural College ambled along starving to death for even a respectable appropriation. The money was needed elsewhere—in other words, at a point where it would do more good politically."

"The gentlemen who would again like to turn the state's financial statement into a blanket to cover rascality are now, with grim humor, declaring that Governor Gillett, and not Governor Johnson, drove the Southern Pacific out of the state government. The next thing in order will be to tell farmers, California's Agricultural College raised the appropriation for the California College of Agriculture from \$227,000 for the biennial period to \$1,100,000 at the 1913 session of the legislature."

"California's Agricultural College today ranks with the foremost in the nation. With the funds approved by

A. B. C. Mediators Set Forth Pact for the Pacification of Troubled Mexico

## REBELS AND HUERTISTAS WERE TO HOLD PARLEY

But Rebel Victories May Cause Refusal to Treat on Cause They Believe Won

NIAGARA FALLS, Ont., June 25.—The first three protocols of the peace plan prepared by the A. B. C. group of South American mediators were signed at a full conference held last night by the American and Mexican delegates to the conference held here. The conference began at 10 o'clock and lasted until 11:30. At the end of the conference Ambassador da Gama of Brazil, the ranking diplomat among the mediators, said:

"We have protocolized three articles of the protocol of the plan of pacification concerning the international side of the Mexican problem. "Before signing that protocol we made a statement that we deemed it advisable to invite the Constitutional party to send delegates to discuss with the Mexican delegates the internal questions of the problem."

**Rebels May Not Negotiate**  
Despite the reports that the emissaries of Gen. Carranza are en route here there is a growing feeling that the latest developments in Mexico will result in the refusal of the Constitutional party to negotiate with the Huertistas. It is argued that since General Villa captured Zacatecas they will consider their cause as practically won and will refuse to treat on the eve of victory. Pending word from General Carranza, peace negotiations are now at a definite standstill.

**Text of Protocol**  
Article 1—The provisional government referred to in the protocol No. 3 shall be constituted by agreement of the delegates representing the parties between which internal argument in Mexico is taking place.

Article 2, section A—Upon the constitution of the provisional government in the City of Mexico, the government of the United States of America will recognize it immediately and thereupon diplomatic relations between the two countries will be restored.

Section B—The government of the United States of America will not in any form whatsoever claim a war indemnity or other international satisfaction.

**Amnesty for Foreigners**  
Section C—The provisional government will proclaim an absolute amnesty to all foreigners for any and all political offenses committed during the period of civil war in Mexico.

Section D—The provisional government will negotiate for the constitution of international commissions for the settlement of the claims of foreigners on account of damages sustained during the period of civil war as a consequence of military acts or the acts of national authorities.

Article 3—The three mediating governments agree on their part to recognize the provisional government organized as provided by section 1 of this protocol.

"Protocol No. 3," referred to in the above, was signed two weeks ago and set forth merely that a provisional government, to be constituted as later provided, shall be recognized on a certain date, to be agreed upon subsequently, and from that time forward shall exercise governmental powers until the inauguration of a constitutional president.

It was decided by the mediators and delegates to postpone consideration of the exact date when American forces shall be withdrawn from Vera Cruz. This, as well as the constitution of the new provisional government in Mexico, will be protocolized after the conferences between the Constitutionalists and Huerta delegates adjourn.

Ambassador da Gama of Brazil and possibly Minister Suarez of Chile will take a short vacation while the informal conferences are on.

## U. S. CRUISER FROM VERA CRUZ TO PORT AU PRINCE

WASHINGTON, June 25.—The armored cruiser Washington left yesterday steamed from Vera Cruz for Port au Prince to guard American interests and observe the battling between government and revolutionary forces in the troubled Haytian republic.

Secretary Daniels said last night the cruiser had no orders to interfere with Haytian armies or custom houses and that the action of the department in sending a vessel to the scene was not connected in any way with the reported demands of France and Germany upon the little republic.

# HOMESTEADERS MAY WED AND HOLD LAND

Marriage Will Not Prevent the Issuance of Patents for Both Claims

LOS ANGELES, June 25.—Inter-marriage of homesteaders hereafter will not impair the right of either to a patent, according to the act of Congress of April 6, a copy of which has been received by Register Frank Burden and Receiver O. R. W. Robinson of the local land office.

The act provides that "the marriage of a homestead entryman to a homestead entrywoman, after each shall have fulfilled the requirements of the homestead law for one year next preceding such marriage shall not impair the right of either to a patent, but the husband shall elect, under rules and regulations prescribed by the Secretary of the Interior, on which of the two entries the home shall thereafter be made, and residence thereon by the husband and wife shall constitute a compliance with the residence requirements upon each entry; provided that the provisions hereof shall apply to existing entries."

Prior to the enactment of the act Mr. Robinson explained yesterday, if a homestead entryman, married a homestead entrywoman, the couple could prove up only on one entry—amounting in all to 160 acres—and were compelled to relinquish title to the other claim.

The act applies to claims initiated before or after its date. Where the parties or either of them are entitled to credit for compliance of the law prior to entry, that time may be counted in making up the period of one year and it follows that neither of the entries need be one year old at the time of marriage.

The decision of the husband, concerning on which of the two entries the home shall be made to be accepted, must be accompanied by proofs on the entries submitted separately.

# CHAPMAN OUT OF THE RACE

Withdraws From Contest for Republican Nomination for Governor

C. C. Chapman of Placencia has withdrawn from the race for the Republican nomination for governor of this state. It has been understood for the last two weeks that Chapman had given up running, and that he was advocating the nomination of Capt. Fredericks of Los Angeles. Chapman's withdrawal was announced in the following letter to Walter Eden, president of the Lincoln Republican Club.

My Dear Mr. Eden: I have been wanting to have an interview with you relative to the present political situation, insofar as it pertains to myself, but have been unsuccessful, consequently I will write

# ELY'S CREAM BALM OPENS CLOGGED NOSTRILS AND HEAD--CATARRH GOES

Instantly Clears Air Passages; You Breathe Freely, Nasty Discharge Stops, Head Colds and Dull Headache Vanish.

Try "Ely's Cream Balm." Get a small bottle anyway, just to try it. Apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you will breathe freely; dullness and headache disappear. By morning the catarrh, cold-head or catarrhal sore throat will be gone. End such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet, fragrant balm

you as to my conclusions in this matter.

I have decided not to make a contest for nomination for governor, thus leaving your club to act as it may see proper in endorsing Capt. Fredericks, or anyone else. I feel, however, that the general sentiment of our people would be for Capt. Fredericks.

I want to tell you, and through you, my many friends in Santa Ana, that I appreciate very, very much their loyalty to me in the mention of my name for this high position. I know I have some warm friends in your city, and I am more than delighted to fully realize that their loyalty is simply superb. I want to say also, that I have many friends elsewhere who have strongly insisted that I make the race, but I cannot bring myself to the point of believing that, under existing circumstances it is the thing for me to do.

I trust that you will receive this letter in the spirit in which it is written, and that you will extend, also, to my many friends my deep feeling of gratitude for their loyalty.

Again thanking you, I am Sincerely yours, CHARLES C. CHAPMAN.

# 700 SUFFRAGISTS WILL VISIT THE WHITE HOUSE

WASHINGTON, June 25.—President Wilson yesterday agreed to receive on June 30 a deputation of 700 women suffragists representing the organized clubwomen of the country, headed by Mrs. Harvey W. Wiley. They will ask his support of the suffrage constitutional amendment.

# EMPRESS DIVERS SEEK 800 BODIES; \$1,000,000 SUNK

QUEBEC, June 25.—Bodies first, mails next, then bullion. These were the instructions given to the divers exploring the Empress of Ireland wreck, according to testimony given at the wreck inquiry yesterday by George W. Witherspoon of New York, in charge of the "Empress" salvage work. Nearly 800 bodies are believed to be imprisoned in the sunken ship and more than a million dollars in silver sank with her.

# ELY'S CREAM BALM OPENS CLOGGED NOSTRILS AND HEAD--CATARRH GOES

dissolves by the heat of the nostrils; penetrates and heats the inflamed swollen membrane which lines the nose, head and throat; clears the air passages; stops nasty discharges and a feeling of cleansing, soothing relief comes immediately.

Don't lay awake tonight struggling for breath, with head stuffed; nostrils closed, hawking and blowing. Catarrh or a cold, with its running nose, foul mucous dripping into the throat, and raw dryness is distressing but truly needless.

Put your faith—just once—in "Ely's Cream Balm" and your cold or catarrh will surely disappear.—Advertisement.

# CROP ESTIMATES AND CROP REPORTS

(By J. G. Berneike, M. D.)

Private efforts to obtain crop reports from all over the state are burdensome. The attempt of the State Horticultural Commission last year to secure crop reports and publish them in the monthly bulletin gave considerable satisfaction. However, the work done left much to be desired, and it was promised that this year there would be an entire reorganization of crop report matters and a great improvement. The April number of 1914 is the first to show results and commendable improvement. The writer was asked for helpful suggestions, and they are given here-with.

In all crop reports we must have a certain starting point, and that is the "normal" crop or 100 per cent. A bumper crop or record crop would exceed 100 per cent, a fair crop or light crop would fall more or less below.

How can we get our starting point? At this stage I wish to suggest that we must ascertain as accurately as possible what was the actual size of the crop in the previous year or years. There is probably no public official in a better position to obtain this information than the county horticultural commissioner. And if he is not clothed with the necessary authority now, it he can be given him by act of legislature. This information can be obtained from the railroad station agents, from packers, shippers and association secretaries. Generally they will, no doubt, be perfectly willing to give such information to a public official, whereas they might refuse to give it to a private individual.

Being personally particularly interested in the apricot crop, I have endeavored to ascertain the apricot output of Orange county. As nearly as I have been able to ascertain, it stands thus: A record crop (1908) is 1500 tons of dried fruit, a normal crop may be taken to be 1200 tons. What figures I have given out to the public in the last three or four years have been based on these figures. But I have no reason to believe that my starting point was wrong, and that the figure for 1908 should be larger. Yet I am not in a position to ascertain the facts without so much of trouble and difficulty as could not be expected to be shouldered by a private individual.

In making crop reports it is necessary always to make and keep the distinction between dried fruit and green. Orange county dries almost all of its apricots; only 50 to 100 tons go to canneries, and but little is shipped green. So our figures always refer to dried fruit. In some counties a large part of the crop is used green, a small part dried, and a figure giving the green tonnage gives me no idea of what is the output of dried cots, and in order to figure on a reasonable and fair market price for the dried output for the state, I must be in possession of the figures covering the dried output of the apricot producing counties.

The state horticultural commission should put itself in possession of the figures (to be obtained by the assessors) showing the acreage or number of trees of the various fruit trees, bearing and not bearing. It should keep close tabs on this through its county commissioners. I would.

# CHINA STRICKEN BY FLOOD'S DISASTER

Conditions Appalling—Thousands Drowned—Destitution and Famine—Crops Ruined

HONG KONG, June 25.—Conditions resulting from flood, disease and famine in the Canton district will be the worst in the history of China, according to unanimous predictions today. Foreigners engaged in relief work report the conditions as being appalling.

The number drowned is estimated at from 4000 to 5000. More than a million are entirely destitute, and other millions are on the verge of starvation. Crops throughout the district are utterly ruined, and widespread famine is certain. An epidemic is raging, and thousands have already succumbed.

# BLAZE DUE TO A CIGARETTE STUB?

It is supposed that a lighted cigar or cigarette stub was the cause of a small blaze in the rear of the upstairs part of the Orange County Title Company's property at 411 1/2 North Main street this morning. Old newspapers and other trash had been piled up on a small outside porch on the premises and either the lighted cigarette or spontaneous combustion taking place in a small quantity of oily sawdust caused the fire. No damage was done, the flames having been extinguished by the time the fire department arrived.

Solemn Faced George Our one grievance against George Washington is that he never let the artists know that he could smile. Looking at the solemn visaged portraits of the great man creates the feeling that the batting average of the joy of living was mighty low in his day.—Toledo Blade.

# Fashion Note

It cannot be said that the women are making "long strides" in the matter of dress.—July Woman's Home Companion.

for instance, like an answer to these questions: "Are there more apricot trees in Orange county this year than there were last year? Is the acreage increasing or decreasing? What is taking the place of apricot trees in case of decrease? If we could ascertain with approximate accuracy the number of bearing trees in the county and state, and likewise the output of each in tons of green or dried, we could get a fair idea of what is the average crop from an acre in any one county or in the state. Comparisons of figures might lead to some emulation in production; or learning the reason why in one county five tons green per acre is considered a good crop, in another county 10 or 15 tons per acre. I am thinking now of orchards where growers think five tons is a good crop whereas in other orchards as high as 15 tons is frequently reached. But I have advised a grower something like this: If with proper care in fertilizing, irrigating and pruning your orchard cannot be made to produce at least a ton dried per acre, then make up your mind that the soil is not suitable, and set out other trees. The yield was about 1/2 ton or less per acre, and orange trees seemed to do well on the soil. A grower in Orange county should not be satisfied with less than 1 1/2 tons dried cots to the acre from trees in full bearing.

A state map showing the distribution of the various kinds of fruit trees at a glance would be helpful, and might be published in the bulletin occasionally, or to be had on application. I mean a map similar to that showing the distribution in the state of a certain insect pest published in the March bulletin. A table by counties giving acreage or number of bearing and non-bearing trees, with output for each year would be of help and might be published once a year as soon as figures are available.

Since it appears that the bulletin for a certain month does not reach the growers till near the end of the next month, it seems advisable to reserve one or two pages for late crop news, to be printed at the very last, or to be inserted as a loose leaflet. For instance, the regular report for April is in the printers' hands. A report comes to the office of severe frost damage to fruit in a certain county or district. Such news could be published and sent out promptly, as it might modify greatly the regular report.

Some of the commendable features of the crop report as it appears now in the bulletin are: It pins the blame for wrong or slovenly reports to the county commissioner who makes it. It shows by the blank the neglect of any commissioner who fails to make his report in time. It shows whether a certain crop is of commercial importance. For instance a report of a bumper crop of prunes in Orange county would have no commercial significance, because we have but a few prune trees left here.

I was greatly pleased with the fullness and detail of a crop report from the commissioner of Alameda county which appeared about two months ago in one of our northern farm papers. Report like his from all the county commissioners would soon give us a state crop report par excellence.

# Chinese Torture

The ingenuity of the Chinese in devising punishment for offenders surpasses that of the most cruel people of the middle ages. Some years ago a boy was kidnapped from a village about thirty miles from Chinkiang and brought to that city to be sold. The kidnappers were arrested and returned to the village, where the people dug a hole in the ground, like a grave, about three feet deep, covered the bottom and sides with unslaked lime, placed the offender, with his hands and feet tied, upon the lime and covered his body with the same material. Then they filled the hole full of water, and as the lime slaked he was roasted alive and his body consumed.

# Wanted Them Strong

She blushed very prettily as she walked into the tobaccoist's big shop.

"I—er—oh, I want some cigars, please," she said hurriedly under her breath, hastening to add, "but—er—not for myself, for my husband!"

"Certainly, madam! What kind would you like?"

"The very strongest you've got, please!" she answered in decided tones. "My husband was only complaining the other day that the last lot he bought all broke in his pocket, so they had better be strong, hadn't they?"

And the young man behind the counter hadn't the heart to contradict her.—London Answers.

# Missed the Combination

He is one of those gushing old beaux who think flattery the key to favor with the gentler sex. The other evening he was at a reception with his wife, and they met the handsome Miss Blank, at whom he fired a whole battery of compliments. Then, turning to his wife, he said: "It's a good thing I didn't meet her before I married you, my dear."

"Indeed it is," she smiled sweetly—"for her. I congratulate Miss Blank."—Exchanged.

# CASTORIA

For Infants and Children. The Kind You Have Always Bought

Bears the Signature of J. C. Fitch

# The Other Way

Mrs. Sourspite—When I gave you that solemn warning against marrying I said that some day you would regret it. That time will come, mark my words. Mrs. Newed—That time has come. Mrs. Sourspite (gleefully)—I thought so. Then you regret your marriage? Mrs. Newed—Oh no. I regret the warning you gave me. It kept me from marrying for nearly a year.—Puck.

Poet—You said the other day in your paper that poverty is not a crime. Editor—Well? Poet—And yet you decline my verses simply because you say they are poor.—Puck.

# LABOR LEADERS' SENTENCES BEGIN

Prison Doors Closed on Twenty-Nine—New Trial Will Be Given Olaf Tveitmoe

WASHINGTON, June 25.—Twenty-nine officers and agents of the International Structural Steel & Iron Workers' Union, convicted at Indianapolis in the celebrated dynamite conspiracy cases, were to begin their sentences in Leavenworth federal prison today. They had applied for executive clemency to President Wilson. New trials were subsequently granted a few, including Olaf Tveitmoe, San Francisco labor leader, by the federal appellate courts.

Senator Lewis of Illinois, Representative Sabath of Illinois, Buchanan of Illinois, Lewis of Maryland, and others recently presented a petition occupying an entire suitcase, with 100,000 names, asking pardons for the convicted dynamiters, which were passed on by the Department of Justice.

# ONE MORE BROWN MAN ROUNDED UP

S. Sugisaki, of Long Beach, fell into County Sealer McPhee's clutches this morning, for offering short weight blackberries for sale. Officer Lacy rounded up Sugisaki.

On the way to the city hall Sugisaki sputtered forth altitudinous protestations. "Me from Long Beach. Me don't know nothin' 'bout Santa Ana," the little man kept repeating.

Further on the way the Jap tried another tack. Lacy's obduracy began to get Sugisaki's goat.

"Big Church McAphee ———! He alltime bother Japanese! )))—!!! ???!!!!"

"Five dollars." These two latter words assailed the brown ears of Sugisaki later in City Recorder Wilson's court. They were the most vitally important words of all the others that Sugisaki heard. Sugisaki paid.

# ERNEST MARTIN NAMED POSTMASTER AT SAN BERNARDINO

WASHINGTON, June 25.—The nomination of Ernest Martin as postmaster at San Bernardino, Cal., was sent to the senate today.

# PIONEER DIES OF INJURIES

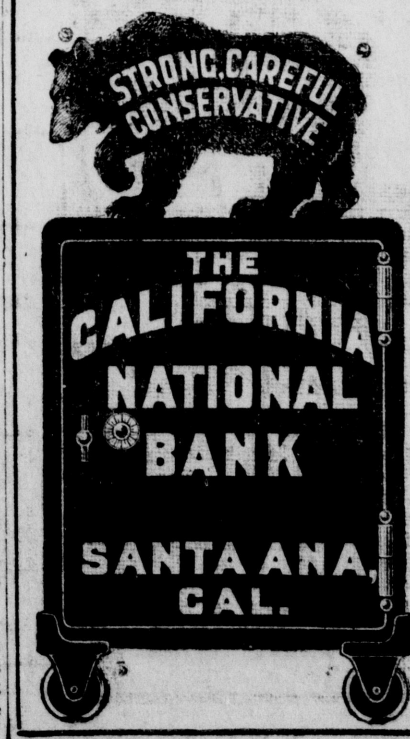

RIVERSIDE, June 25.—A. C. Christensen, aged 71, a pioneer business man, retired, died today of injuries received last night when he was struck by an auto driven by Edwin Hellberg, aged seventeen. Hellberg is held pending the coroner's findings.

# COMB SAGE TEA IN LIFELESS, GRAY HAIR

If Mixed With Sulphur it Darkens So Naturally Nobody Can Tell

Grandmother kept her hair beautifully darkened, glossy and abundant with a brew of Sage Tea and Sulphur. Whenever her hair fell out or took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Hair Remedy," you will get a large bottle of this old-time recipe, ready to use, for about 50 cents. This simple mixture can be depended upon to restore natural color and beauty to the hair and is splendid for dandruff, dry, itchy scalp and falling hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur, because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray has disappeared; after another application or two it is restored to its natural color and looks glossy, soft and abundant.—Advertisement.

# Rankin Dry Goods Co.

# For Those "Dressy" Occasions Kayser's Italian Silk Underwear

—Kayser's Silk Underwear is made of the same fabric as Kayser's Silk Gloves, known the country over for elegance and service.

—For all "dressy" occasions, to be clothed in perfect comfort and style, Kayser's Italian Silk Underwear has no peer. We have the Union Suits, plain or embroidered, and separate pieces:

Plain Union Suits \$4 and \$6

—Low neck sleeveless, knee length, finished with narrow lace beading and bands at the top. The \$4.00 garments are of the Lorraine all silk fabric. The \$6.00 qualities are of pure Italian silk fabric, heavy weight.

—These garments are reinforced at points where the wear comes, and securely bound with silk tape on the bias seams.

Embroidered Union Suits \$5 and \$7

—Low neck, sleeveless, knee length suits, beautifully hand embroidered at the yoke. Two qualities, a medium weight fabric at \$5.00, and a finer, heavier fabric at \$7.00.

Separate Vests and Knickerbockers

—Vests of Lorraine Silk fabric, low neck, sleeveless, at \$3.50. —Knickerbockers, in Italian Silk, with elastic tops and bottoms, both black and white, at \$3.50.

# Summer Weight Union Suits

—"ATHENA" Union Suits, with the cuff or lace knee, and elbow sleeve, wing sleeve, or no sleeve, and low neck, price \$1.00. —"ATHENA" is the tailor made underwear, and we recommend it highly for perfect fit, comfort, and durability. —Separate Vests and knee length pants in "ATHENA" at 50c in summer weights.

—Forest Mills Union Suits, in summer weights, with lace trimmed knee, at 50c, 75c and \$1.00. —Children's Summer Union Suits, with low neck or high neck and elbow sleeves, at 50c. We show Union Suits for little ones for all ages from 2 to 12 years, and for misses from 12 to 16 years.

# Children's Beach Rompers

Prices 50c and 75c

—Creeper of heavy gingham in solid blue and pink, built for hard service, at 50c.

—In finer quality of small pink and blue checks, trimmed in plain material as illustrated, at 75c.

—Creeper of crepe cloth in blue, pink, or white, at 75c.

—Rompers, for beach wear, open knee, plain gingham at 50c, and of fine checked gingham at 75c.

—Creeper and rompers for children of 2 to 8 years.

# Boudoir Caps Special 25c

—Thru a recent special purchase we are able to offer a dainty, well made boudoir cap for 25c.

—There's a fine assortment of printed crepes, printed voiles and printed lawns in pinks and blues—all dainty patterns, and some plain white ones. Cap is ruffled with lace edge and an elastic. Choice 25c.

# Better Walls and Ceilings

USE Beaver Board instead of lath and plaster. It never cracks; needs no repairs, does away with unsanitary wall-paper; is easily and quickly put up at any time of year; suits any kind of building. Let us show you how it looks.

# BEAVER BOARD

Also Lumber, Cement, Millwork, Roofings.

# Griffith Lumber Co.

DISHONESTY IN THE BUSINESS WORLD

An attorney of wide experience in metropolitan life, was talking a few days ago about the recent revelations of crooked finance in railroad and other corporation affairs. It seemed to him that one-half of the business men he knew were dishonest. He thought half of the other half would not do anything positively crooked, but would wink at it if they saw it going through in a way to profit them. If this is fair judgment, it is one of a number of reasons why the stock market ticker is almost held down by cobwebs.

The development of great corporations has created certain types of dishonesty. Just as the reporter of a metropolitan yellow journal is protected by the impersonality of the big machine he works for, so the managers of big corporations are a long way from the stockholders. They feel inaccessible. But when they "put over" a wrong deal, some one always knows. It may become advantageous for that some one to give up his information.

In the smaller cities and country towns business men seem to be pretty honest. It pays them to be so, as the bad bargain comes back quicker than the cat.

The discouraging side of business life is the freedom with which many people will lie outright, and look you in the eye when they do it. People overlook a lie too tolerantly.

The trouble with the liars and cheats is that they underestimate people's intelligence. Nine-tenths of the deceptions are so obvious as to be laughable. People who try to "get away" with these shallow tricks should be outlawed.

The public is bewildered by complicated transactions of big corporations and jugglery of millions. Financiers will find from now on, that the simpler the business form is, the easier the stock will sell. A labyrinth of holding companies and paper organizations looks as if some one was trying to elude something.

Eight saloon-keepers and eleven wholesalers in Philadelphia failed to take out licenses although their renewals had been granted by the court. This is said to be due to the effect of the growing temperance sentiment in Pennsylvania upon the trade.

AVERTING LIVES OF VICE

Much was said at the Chicago convention of the Federation of Woman's Clubs, of the dangers of vice threatening young girls. It was a controverted question whether in respect to sex knowledge, ignorance is a source of weakness or of strength.

Without entering on this disputed matter, it is important to note how our ideals of home life are changing. In how many dwellings does one see Father, Mother, and the children under the evening lamp as formerly? How familiar a picture it used to be! Father reading the newspaper, Mother darning stockings, the kids playing jackstraws, avilude, or old maid. Now it seems to be taken for granted that children are going to be out on the streets evenings. But the boy who is excused from home to go to the Scouts meeting may end up on the corner, smoking cigarettes, and precociously flirting with girls who should be at home.

Probably the days of home jackstraws, avilude, and old maid will never return. The boys and girls are kinky creatures, and demand a wider range and longer tether.

There remains for parents and teachers the task of teaching social discrimination. To the crude, ill-trained girl, the rough fellowship of the street has the fascination of a new world. The horseplay of the curbstone loungers seems electric with wit.

In any large town, the streets are full evenings of idle young folks, treading the beginnings of "the primrose path." It will be well if they can realize that the sidewalk element consists of the failures of life. Those who drop behind at school, those who fall down at athletics, those who lose their jobs, try to compensate themselves out of the coarser pleasure of the street. Social competition, if aroused in a girl, should tell her to avoid these associations, which lead downward, not merely to disgrace, but to poverty.

The state-wide prohibition movement in Oregon has been successful in enlisting a large number of leading business men who are favoring prohibition because of its economic benefits.

Editorial Edibles

Despite his defeat Oulment should not be discouraged concerning his golf. Even Walter Johnson sometimes pitches a losing game.

President Huerta could resign and get \$1000 a week in vaudeville theaters for talking sixteen minutes twice a day upon Mexican affairs.

If Noah had swatted those two flies that started up the Ark's gang plank, he would have saved us a lot of trouble.

If Congress is going to sit forever Washington will have to equip itself with a few mountains and a seashore.

Leading writers of fiction are running to the "Industrial novel," which has all the charm of a ten hour day in a boiler factory.

At all events the London militants have at last succeeded in receiving what Charles Kingsley was wont to term "muscular Christianity."

The general observations of Mr. Mellen finally resolve themselves into the prevailing impression that when anything goes wrong the government should worry.

A determination is manifested by Col. Roosevelt to frustrate any idea Barnes or Murphy may have entertained of retiring him from the political map.

The discovery of non-explosive dynamite may be regarded as almost as important as the invention of poisonless bichloride of mercury.

Haiti's method of conducting revolutions without the aid of a press bureau shows how far behind the times the island is.

In France the resignation of a cabinet seems almost as easy as taking a holiday.

Marriage may be a failure in some cases, but with the advent of twins, it becomes a howling success.

Looking upon the financial reports of the Standard Oil Company, the thread trust should not view dissolution with alarm.

Canada is apparently on the verge of making the giving or receiving of tips an indictable offense. Evidently Canadian ways are not our ways, by many a quarter.

"Let us trust the president and keep quiet" says the Baltimore Sun, which thus registers itself as the country's leading organ of psychology.

"Atlantic City has too many saloons," says the Atlantic City Review, which is fighting the continuance of many licenses. This paper remarks: "The saloon is a special interest, a spawn of politics."

The People's Forum

Brief communications will be published under this head, provided they be signed by the author, or the author's name be sent to the Editor as evidence of good faith. However, the Editor shall be the sole judge as to the propriety of publishing any communications, and the Register assumes no responsibility for any views that may be expressed in this column.

Holy Days

Editor Register:—Some people of this city are anxious to have certain places of business closed on Sunday, others think they should be closed on Saturday; and there are many notions of people in the world who would have the closing on Friday; all these different sects believing they have divine authority for their contention.

Ancient history seems to prove that Saturday was an astrological fete day long before its adoption by the Jews; and the Sunday was a mythological fete day known ages before Constantine (A. D. 325) made it obligatory for that day to be observed in the cities.

Perhaps a still larger class of people in this country believe that Jesus taught, both by precept and example, that "the Sabbath was made for man, and not man for the Sabbath;" that he never commanded his followers to observe holy days, but nulled all their holy observances to his cross, for they were only "a shadow of good things to come." Paul says: "One man esteemeth one day above another; another regardeth every day alike; let every man be fully persuaded in his own mind." And, writing to the Colossians in the spirit of his Master, he says: "Let no man, therefore, judge you in meat or in drink or in respect of an holy day; or of the new moon or of the Sabbath, which are a shadow of things to come; but the body is of Christ."

When a man has his body, he never troubles himself to look after his shadow. Writing to the Galatians he says: "Ye observe days and months and times; I am afraid of you, lest I have bestowed upon you labor in vain." There are multitudes living now whom Paul would be afraid of if he were here.

I believe that any business, game, or entertainment that is wrong on one day, is wrong on ALL days. And if right on one day, is right on ALL days.

D. EDSON SMITH.

W. A. Huff

McFADDEN SAYS STATE PAVING, THIS COUNTY, IS GOING TO PIECES

(CONTINUED FROM PAGE ONE)

municipal library can be taxed for the county library. In this county the librarian's salary would be \$1800 a year. The tax here might be two cents. It would help the school libraries.

Dr. G. H. Dobson of Santa Ana said the plan might be all right for some counties but not for Orange. The law is such that at present no one from this county is available for librarian, so that officer must come from outside. The system as outlined by Miss Eddy would cost \$6,000 a year. The state librarian would have control of the county library. There are two systems possible. The other is one by which the county can contract with a city library to do the work. Santa Ana's library stands ready to supply the county, which system is far less expensive than that proposed by Miss Eddy. Dr. Dobson moved that the Board of Supervisors be asked to reject the plan of establishing a county free library as outlined by the state organizer.

This speech started J. A. Armitage of Sunset Beach and T. L. McFadden of Placentia into insistent declarations in favor of investigation, as possibly the outside districts want the library, and since they will pay the tax they ought to have it if they want it. L. H. Wallace said action should not be hasty.

Mrs. A. J. Lawton of Santa Ana said that the County Federation of Women's Clubs executive committee had that day made arrangements for committees in every community of the county for the purpose of finding out what the sentiment is, to educate the people to a knowledge of the two systems. What had been done so far had been done in a hurry, and the women's executive committee could see no reason for rushing the thing through.

C. D. Lester said that the tax levy cannot be put on until September. Supervisor Talbert said that the library had been highly commended by several other counties, but the supervisors here desire to do what the people want in the matter. A. A. Mills insisted that the matter be referred to a committee, and the committee plan was adopted, it to be composed of persons not living in any incorporated city. The hearing before the supervisors is fixed for July 8, and the board was asked to postpone the hearing for a month.

Slow Process  
A. S. Bradford said that the Santa Fe was willing to give a deed to the state highway below San Juan Capistrano, but it would take several months to get it as the consent of parties holding a mortgage on the railroad must be obtained.

Rush It Along  
On suggestions of J. A. Armitage and L. H. Wallace the supervisors were urged to appropriate \$5,000 for the building of this county's share of the road between Olinda and Chino.

A letter from the San Bernardino Chamber of Commerce stated that this county's boosters will be entertained any time the auto trip is arranged. A letter was read from Congressman Ketter showing that the Congressional Rivers and Harbors Committee will pass this way in a month or two. C. C. Chapman, A. S. Bradford, H. C. Head, J. F. Ahlborn and A. Dittmer were appointed a committee to arrange for taking the visitors through the county by auto.

They Condemn It  
The resolution presented by the Anaheim Board of Trade condemning the selection of the San Fernando site as the site for the citrus fruit experimental station was passed without dissent last night.

Wallace reported that for the fifth time the map for the proposed Newport harbor is on its way to Washington. P. E. having deeded 16.5 acres needed for a channel.

Splendid Banquet  
Last night's banquet at Brea was one of the best ever served to the Associated Chambers. There were 144 persons present, that being the largest attendance on record. The meeting was held in a handsome new hall in the Sewell block. The hall is a great credit to the town. The ladies of Brea served a bountiful five-course dinner in an attractive manner.

The tables were beautifully decorated, showing that no end of care and pains had been taken in getting up the affair. The menu cards were shaped like derricks. Favors were tiny bottles of oil with tiny shipping cards, on which were printed "What Makes Brea Famous," with bits of hemp attached for tying to button

holes. Beautiful bouquets of Shasta daisies decorated the tables, and these were placed in small burned wood derricks. The placards on the wall further emphasized the reasons why Brea has jumped from a barley patch into prominence as a thriving town. These placards showed that the pay roll of the Brea field is \$200,000 a month; that the population in 1910 was 0; in 1914 it is 700, and in 1920 it will be 7,000. "Boost Roads Everywhere All the time" furnished capitals for spelling Brea.

City Clerk J. C. Burke of Santa Ana, formerly one of the oil wells boys, gave the address of welcome, the response being by Dr. Dobson of Santa Ana.

It was announced that the Railroad Commission will hear the inter-switching case in Santa Ana on August 7.

Wants Streets Lighted  
J. A. Armitage of Sunset Beach advocated having streets lighted with natural gas. Armitage, W. A. Culp of Brea and W. T. Brown of Fullerton were named on a committee to investigate.

A. A. Mills of Anaheim again sprang a plan to plant Phoenix palms on a lot of county roads. He got no second to a motion to adopt his map as a recommendation to the Board of Forestry. The visitors were pleased with the hospitality of Brea, and came away convinced that Brea not only is a thriving and growing place but that its Board of Trade is a live one.

HOW NOT TO BE FAT

In the July Woman's Home Companion a woman contributor, who declines to sign her name, writes a practical little article entitled "How Not to Be Fat." She says that she began by noticing that stout people sleep too much. She gradually worked her alarm clock back from seven-thirty to six o'clock in the morning and put in the extra time exercising and bathing. Then she took up the habit of walking after breakfast. In ten weeks' time she found that she was losing flesh slowly—less than half a pound a week. Then she took up the problems of diet and exercise. Of these she writes in past as follows:

"The problem of diet was to me a difficult one—I was so fond of good things to eat, and I had seen dieting continue into nervous dyspepsia. I began by cutting down the liquids at meals—all the cold water I wanted before and after, but only one cup of tea or coffee.

"It was now four months since I had gone into training, and all at once I began to realize that I was not eating as much as formerly. My appetite was keen, but it took less to satisfy it. I kept to a mixed diet, but I limited myself to one starchy food and one sweet at a meal.

"Eating, sleeping, bathing, working, playing—the last two remained to be dealt with. I would see what could be done in these lines. Work: there seemed no change practicable, except that I might work harder, and I did. But I am satisfied that the extra work had no bearing on my loss of weight, for I was never as tired at night as I used to be when I slept until half past seven and then rode downtown.

"As for my playtime, I joined a tennis club; and of all reducing exercises I can cheerfully recommend tennis as the quickest and most inevitable. The only trouble is, it might kill a really fat person; by the time I could play tennis, however, I was not so very fat! The fourth, fifth and sixth months, I lost eight pounds!"

In one year she lost twenty-five pounds and in the next five months took off three pounds more, bringing her down to normal weight or in fact two pounds less than what is called for by her height.

The man who wears silk stockings is careful about stepping into the mud, says a French proverb.

POLITICAL CARDS

(Primary Election Aug. 25, 1914)

HANS V. WEISEL  
of Anaheim, announces his candidacy for re-election to the legislature (ASSEMBLYMAN)  
of California as representative of the Assembly District composed of Orange County, subject to the decision of the Progressive voters at the August primary election.

GAVIN W. CRAIG  
Now Los Angeles Superior Court Judge. Candidate for PRESIDING JUSTICE District Court of Appeal, Second Dist.

## A POSTER CONTEST

Intermediate School Students  
Awarded Prizes—Posters  
to Go on Exhibit

During the last two months of school a great deal of interest was taken in making posters in the Intermediate School. Some sixty posters were made on "Swat the Fly," "The Cigarette Evil" and "California Dry." There were twenty-one original posters, the first prize going to Jacob Fisher, his subject being "The Main Log," \$2; the second to Mayme Tucker and Ray Eastman, the subject being "Success and Failure," \$1; the third place was won by Vera Hendrickson, the subject being "The Winding Staircase."

There were twenty-five copied posters. The first prize went to Bion Purinton, the subject being "And Pilate Washed His Hands," \$1; second prize, Edward Burns, the subject being "The throne of the Destroyer," 50 cents; third place goes to William Herd, the subject being "The American Farmer and the Liquor Traffic."

Eleven printed posters were made. George McClellan getting first place, Leonard Clayton, second place; Frances Baker, third place. These posters are so meritorious that they will be placed on exhibition in the Chamber of Commerce and the rest room in the City Hall building. Roper's book store, Thacker's book store and the Santa Ana book store. Everyone will doubtless be on the lookout for the children's posters.

## Canton Tea

The ladies of the Santa Ana Canton, who some time ago opened a series of teas, one of which is given each month, held one of these yesterday afternoon at I.O.O.F. Hall. Mrs. James Clark had charge of the entertainment program and had arranged for some jolly charades which afforded an afternoon of amusements.

Refreshments were served later in the banquet hall, where greenery united with Shasta daisies in pretty table decorations. There were places for forty ladies at the table.

## Objects to Kansas Weather

Mrs. S. V. Poston writes to her husband from Brown county, Kansas, that she is anxious to come back to the United States, otherwise California, for it has been 110 in the shade back there; and besides that there have been several storms since her arrival in the Sunflower state.

## Bride Well Known Here

Mr. and Mrs. E. A. Clardy and Mr. and Mrs. James Nuckolls were guests last night at a wedding taking place in Los Angeles in which the bride was Miss Frances Stancill, who has visited in Santa Ana many times, and who is well known here, especially among the people of the Methodist church, South. The wedding was at the Romeo street home of the bride, the rooms being adorned with sweet peas and greenery for the wedding event. Mr. Nuckolls and two other friends of the bride sang before the ceremony, the lines of which were read by Rev. Mr. Seelman of Trinity Methodist church, South. Preceded by her bridesmaid, who held white ribbons that formed an aisle through which walked two small flower girls scattering rose petals, the bride appeared in the bower where the bridegroom, Mr. Sterling, and his best man were awaiting her. She was beautifully frocked in a white lace and embroidered gown. The wedding company of sixty were served with delicious refreshments after the ceremony.

Only two more days for you to save money by getting the ten per cent discount on terms in any department.

A course of study in the Conservatory makes a most acceptable remembrance for some friend or child.

Terms are extended for vacations or illness and the Conservatory always makes up legitimately missed lessons.

504½ North Main St. Sunset 214.

mony, following which the bride and groom departed for a destination kept secret. They will reside in Los Angeles. The Santa Ana guests returned last night on a late car. The bride's many friends will wish her every happiness.

## Silver Wedding

A few of the friends of Mr. and Mrs. Charles Schenk gathered at their Santa Clara avenue home a few evenings ago in response to an invitation from the sons and daughters of Mr. and Mrs. Schenk to celebrate the twenty-fifth wedding anniversary of their parents.

A most enjoyable time was spent in an informal way, each one present taking some part in the program. Before repairing to their homes at a late hour, the guests were served with dainty refreshments, prepared by Miss Christine, the eldest daughter of Mr. and Mrs. Schenk.

## Enjoyable Evening

Torosa Rebekah lodge had a most enjoyable time last evening, a number of visitors being present from widely separated points, hailing from Washington and Oklahoma. Visitors from Sycamore Rebekah lodge were also welcomed. It was announced that Mrs. Maude Bolton of Acacia Lodge, Huntington Beach, had been appointed as district deputy president for the coming term. Installation of the new Torosa officers will be held on July 8.

Following the business session, the members repaired to the banquet room where luscious cantaloupes were served, the committee on refreshments being Miss Josephine Pretheroe and Miss Clara Wiseman. Shasta daisies and ferns graced the tables where the members and their guests were seated.

## Dual Birthday Party

A double birthday event was held last night at the home of Mr. and Mrs. Fred Price, 815 F street, celebrating the birthday of Miss Thelma Price and Miss Nellie Morrison. The evening was passed pleasantly with games, music and the serving of delicious food in luscious cantaloupes served with cake. There were two birthday cakes, each trimmed with candles appropriate for the honoree for whom it was intended.

The affair was entirely informal, the guests being relatives of the two honorees. Those present besides the host and hostess and the honorees were Mrs. Mary Morrison, Mr. and Mrs. Frank Morrison and daughters Flossie and Hazel; Mr. and Mrs. Neill Morrison, Mr. and Mrs. Frank Morrison and sons, Rex and Ted, and daughters Gladys and Marlene; Miss Hattie Anderson and Miss Winifred More of Los Angeles.

## Miscellaneous Shower

Mrs. Fluke Smith was the hostess Wednesday afternoon at her home on Parton street for a miscellaneous shower for Miss Irene Smith, a bride-to-be.

The various rooms were beautifully decorated. Hearts and cupid and flowers were artistically arranged. The color scheme of pink and white was carried throughout the decorations and refreshments.

Miss Smith was the recipient of many beautiful and useful articles. A dainty three-course luncheon was served.

The guests departed after having thoroughly enjoyed themselves and wishing Miss Smith much future happiness.

## The F. and G. Club

Mrs. S. L. Wedgwood entertained the ladies of the F. and G. Club at her home, 742 Cypress avenue, yesterday afternoon, the affair being the regular semi-monthly meeting of this newly organized club.

The rooms were tastefully decorated in Ulrich Brunner roses and sweet peas.

The ladies spent the afternoon in social conversation and needlework, and at its close the hostess served cooling refreshments of strawberry ice cream, cake and orangeade.

The members enjoying the hospitality of Mrs. Wedgwood were Mesdames E. G. Huntington, Shugeld, Mont Jackson, Carl Campbell, Frank Tedford, Forrest Gay, Lester Slaback and Miss Cora Huntington.

## CAFETERIA LUNCHEON

Ladies of Household Economics  
Section No. 2 Enjoyed Most  
Delightful Affair

The closing meeting of the second section of the Ebell Household Economics, proved to be one of the most interesting events in a social way that the section has enjoyed during the season. The lovely country home of Mr. and Mrs. Lloyd Grubb was the scene of the event, which was in the nature of a cafeteria luncheon and auction bridge following.

The luncheon menu was elaborate and the cafeteria feature was especially apropos as it enabled the ladies to enjoy an ad fresco feast which was devoid of the responsibility usually resting on the mistress of the house. The viands were in the house and each guest took what she wished and carried her helping to the lawn, where small tables had been arranged under the trees. It was a delightful arrangement, highly enjoyed by hostesses and guests alike.

The lawn was decorated here and there with signs suggestive of a park, only the usual order of instructions was reversed. One sign read, "You may pick the flowers." Another announced: "Walk on the grass," while another conveyed the cheering information, "The chickens will be served at 1 o'clock."

The spacious screened-in veranda was utilized for the games of auction bridge, in which the prize winners were Mrs. Mark Lacy, who was awarded a Japanese tray for high score, and Mrs. Clyde Walker, who was consoled with a pretty basket of flowers.

There were twenty-five ladies present, and the hostesses were Mrs. Grubb, Mrs. R. R. Shafer and Mrs. M. A. Patton. Plans for next year's work were talked over and an interesting season is anticipated. The ladies are delighted with the results of the season just closed.

## Methodist Social

Instead of the usual "At Home" given each month by the Ladies' Aid Society of the First Methodist church, the ladies will give an evening social tomorrow evening at the home of Mr. and Mrs. W. W. Cleveland, 505 East Fifth street. All members of the church and congregation are invited, especially strangers.

## Birthdays Celebrated

Miss Nelle Sumner and Mrs. W. A. Benjamin were the recipients of a double surprise party at the Mortimer street home of the Benjamins last night. About fifteen of their friends invaded the home, taking refreshments with them. Music and conversation passed the evening happily.

## Attended Wedding

Misses Lillian and Rosamond Norman went to Claremont today to attend the wedding of Miss Leona Mudgett to David Crawford, the marriage taking place at the Claremont church. Miss Lillian Norman played at the wedding.

The bride was a college chum of Miss Lillian, the two having attended Pomona College together. As Miss Mudgett, the bride taught school at Huntington Beach the past year.

## Personals

Mr. and Mrs. C. G. White and children, of 1917 East Third street, left today for San Diego in their big new Hummobile. They will remain in the southern city until after the Fourth of July.

Mr. and Mrs. H.S. Elgin have removed here from San Diego, where they have been living for the past three years. They are located at 1247 West Fifth street, where they will reside. Mr. Elgin represents the Puritas Tea Company here. Mrs. Elgin is the mother of Miss Pearl Thompson, well and favorably known to all who patronize the Dragon, where Miss Thompson is bookkeeper.

Mr. and Mrs. E. R. Hopewell went to Pasadena this morning, traveling over the Pacific Electric.

Miss Rosamond Norman was a passenger over a Los Angeles-bound Pacific Electric car today.

Mr. and Mrs. L. C. Conway and daughter Adele left this morning for Los Angeles, where they will spend several days.

Miss Blanche Anderson of Muskogee, Okla., is the guest of her uncle and aunt, Mr. and Mrs. J. E. Liebig. Miss Anderson has a pleasant habit of spending her summers in Santa Ana, having realized what a delightful season of the year it is in this favored state.

Miss Grace Parker returned yesterday from Oxnard and will be at home for a few days before returning to Los Angeles.

Mrs. C. E. Isaacson with her daughter Miss Nell, and her niece, Miss Helen McConnell of Denver, are spending a few days this week in Long Beach. They will be joined by Mr. Isaacson Saturday and the party will make the sea trip to Catalina.

## BORN

HUMPHREY In Santa Ana, Tuesday, June 23, 1914, to Mr. and Mrs. A. P. Humphrey of 1027 South Main St., a daughter.

## SUDDEN DEATH OF MRS. GEO. S. HARPER

The sad news conveyed here late yesterday of the sudden death in Riverside of Lena Lillian Harper, wife of George S. Harper, yesterday afternoon, was a real shock to all who knew this lovely young woman who passed into the shadow of death at the early age of twenty-two years.

Mrs. Harper is survived by her husband and a ten-days-old baby daughter, Virginia Lee. Her parents, Mr. and Mrs. J. B. Naylor, reside in Texas. She was a niece of Mr. and Mrs. J. R. Smith, now of Los Angeles, but formerly of the Santa Ana Main Department Store.

The body of Mrs. Harper will be brought here tomorrow at 10:22 o'clock in the forenoon and taken at once to the Methodist Church, South, where funeral services will be held. Interment will be made in Fairhaven Cemetery.

## G. A. R. VETS MEET

BELLINGHAM, Wash., June 25.—More than 1500 veterans of the civil war, eyes dimmed and step halting, but with enthusiasm as keen as in the days of '61, were attending the G. A. R. encampment of the Department of Oregon, Washington and Alaska, which began a three days' session here today. A feature of the encampment will be a trip to San Juan Islands to witness the Lummi Indian annual potlatch.

**HARVARD LAW EXPERT SPEAKS**  
BURLINGTON, Ia., June 25.—Lawyers from all over Iowa are here today attending the annual meeting of the Iowa Bar Association, particularly anxious to hear Prof. Roscoe Pound of Harvard, writer of notable articles upon "socialization of the law." Although not a radical reformer, he is a leader of thought anxious to wipe out the growing criticism of law and lawyers.

The program this year was prepared by Vice-President F. F. Dawley of Cedar Rapids and Secretary H. C. Horack of the State University law department.

**SIGMA GAMMA PI MEETS**  
CHICAGO, June 25.—Delegates to the annual convention of Sigma Gamma Pi gathered here today from many sections of the United States to attend the opening tomorrow of the yearly sessions, which will be held at the La Salle Hotel. The first business tomorrow will be a meeting of the grand and supreme council. New chapters will spend Sunday sight-seeing. The annual banquet is to be held Monday night. The convention closes Tuesday.

**CASH MONEY ORDERS ANYWHERE**  
WASHINGTON, June 25.—Instructions regarding the operations of the new postal money order system, which goes into effect July 1, have been sent to postmasters throughout the country, it was announced by Postmaster-General Burleson.

Under the new plan a money order, although drawn on a specified office, may be cashed at any money order postoffice within thirty days of its issue, after which it may be paid only at the office on which it was drawn or repaid at the office of issue.

A Potpourri of News and Views

From the Los Angeles Financial News

Our Imports of Food

With the home demand for domestic foodstuffs almost equalling production, the United States is not only reducing its exports but is increasing its imports of certain foodstuffs. This is one of the striking features of a review by the Department of Commerce of the foreign trade. Figures show that imports of foodstuffs in their natural condition, including food animals, increased from \$117,194,237 in the half year ended with March, 1913, to \$143,421,536, during the corresponding period this year and that imports of food stuffs partly or wholly prepared for use, in the same period, increased from \$95,744,240 to \$100,967,378. The increase in importations of all food products in the period named approximated over \$30,000,000, or an average of \$5,000,000 a month.

Figures of exports are even more striking. Of crude foodstuffs, exports fell off more than 50 per cent, while prepared foodstuffs also declined. Exports of crude foodstuffs fell from \$115,850,453 in six months' period of 1913 to \$55,483,787 in the corresponding period this year and manufactured products from \$180,007,422 to \$162,022,620. Food articles showing largest increases in importations were beef, cattle, corn, wheat, rice, macaroni, fruits, molasses and edible oils.

Coke Output Last Year

All records in coke production were broken in 1913, according to a statement by Edward W. Parker of the United States Geological Survey, the output being 46,311,369 short tons, valued at \$128,951,430. This is an increase over the 1912 output of 2,327,770 tons in quantity and \$17,146,317 in value. Of the 1913 production 38,596,669 tons was made in beehive ovens and 12,714,700 tons, or 27.4 per cent, in retort or distillation ovens, where all the by-products—tar, gas, ammonia, etc.—are saved. The increase in production of by-product coke was over twice as large as the increase in beehive coke.

The principal increase in by-product coke production in 1913 was in Alabama, where the net gain was nearly 50 per cent, from 1,349,797 tons in 1912, to 2,022,959 tons in 1913. The increase in Pennsylvania was nearly one-third, from 1,974,619 tons in 1912, to 2,628,680 tons in 1913.

Sulphur Output Last Year

Sulphur production in the United States in 1913 was the largest in the history of the industry when the output was 311,590 long tons, valued at \$5,479,849, according to the Geological Survey. The output was 8118 long tons greater than that of 1912, and showed an increase in value of \$223,427. The States producing the sulphur were Louisiana, Texas, and Wyoming. The United States, according to the Survey, is rapidly gaining on Sicily, which leads the world in the production of sulphur, and whose output in 1913 was 346,213 long tons. Production of sulphuric acid in the United States in 1913 was 3,538,890 short tons of fifty-degree acid, valued at \$22,366,482. This was an increase of 622,980 short tons over that of 1912.

Watch for Stolen Money Orders

The Los Angeles postoffice on Thursday issued the following warning: "In order to prevent possible loss to merchants and others, the postoffice officials have issued a special warning to all patrons. Six hundred money order forms numbered from 14901 to 14960 were stolen from the postoffice at Belmont, Cal., on the night of June 8. These stolen money orders may be promptly uttered and each of them can be made out for a maximum of \$100. If any of the money orders between the numbers mentioned are presented by any person the police department and the main postoffice station should be promptly notified.

To Assess Impounded Money

Money impounded in the Spring Valley Water rate litigation and the telephone rate case in the United States District Court, San Francisco, in amount \$2,250,000, and held by San Francisco banks and which has not been taxed, will be added to the assessment of the Bay City. An opinion has been given the assessor regarding the matter and taxes on the impounded money has been assessed against the banks.

Express Contracts Awarded

Wells Fargo Express will take over the contract of the United States Express Company with the Baltimore and Ohio Railroad, the United States company going into liquidation June 30. The American Express Company has made a contract with the Philadelphia and Reading and will also get the new Jersey Central. Contracts with the latter roads are on a basis of 45 per cent.

L. A. I. Secures Big Loan

The Los Angeles Investment Company has concluded a loan on the company building, Eighth and Broadway, of \$800,000. Part of this sum, it is said, may be used in payment of the past-due gold notes, the company to pay 20 per cent cash provided the holders will agree to an extension of the balance on a 6 per cent basis. The loan makes possible temporary refinancing of the Trinity Auditorium.

New Bank at Chino

The People's Savings and Commercial Bank, Chino's newest banking institution will open its doors for business July 5, if nothing happens between now and that time to delay the opening ceremonies.

Goldfield Consolidated Figures

Preliminary estimate of the Goldfield Consolidated Mines Company for May shows a gross recovery of \$327,000 on the treatment of 30,209 tons of ore. Expenses \$175,000; net return \$152,000.

Massachusetts Blue Sky Law

The Massachusetts House by a vote of 66 to 56 has passed the so-called Blue Sky Law, which provides for licensing dealers in stocks, bonds and other securities.

Onamea Sugar Dividend

The Onamea Sugar Company of Hawaii has declared a dividend of 40 cents per share, payable July 1. The estimated crop of the company this year is 17,000 tons.

Complain of Gas Rate

The city of Redlands, which has vested the control of public utilities in the Railroad Commission, has filed a complaint with the Railroad Commission against the Citrus Belt Gas Company, in which the commission is asked to fix the rates which shall be charged for gas by the company and to order extensions and additions to the plant. It is set forth in the application that an ordinance adopted by the municipality put a rate of \$1.10 per thousand cubic feet into force, which was to become effective May 1, 1914. Prior to that time the rate was \$1.20 per thousand cubic feet, and the company has served notice upon the city that it will continue to charge the rate of \$1.20 instead of the rate fixed by the new ordinance.

Saved From Receivership

The Missouri Pacific Railway Company has been saved from receivership by the action of the Gould interests and Speyer & Company, who agreed to purchase any notes not deposited under the extension agreement and thereupon deposit them for extension. The notes were due on the first inst., and on that date \$20,000,000 of the \$25,000,000 due had been deposited for extension. Under the extension agreement the notes are extended for one year, the interest increased from 5 to 6 per cent and \$2,000,000 additional collateral pledged. Gross earnings of the system for April showed a decrease of \$303,255 and the net decrease was \$134,370; for ten months ended April 30, the gross decrease was \$1,842,400 and the net decrease \$281,907.

School Bank Closes

When he was apprised by the State Banking Department that the bank operated as the San Jose High School Bank was operating without a state banking license, was receiving commercial deposits instead of savings deposits, as provided by law, and was also acting without the necessary resolution of the Board of Education, C. M. Osenbaugh, principal of the school, and R. R. Stuart, president of the bank, closed the bank until the necessary legal steps can be taken to reopen it in due legal form. The officers of the bank are liable to a fine of \$100 a day since the bank was opened.

Who Pay Taxes in England

Under the new scheme of taxation introduced by David Lloyd-George, Chancellor of the Exchequer, in his budget for 1914-1915, a man having an income from a capital of \$5,000,000 will have to pay one-third of his income in taxes. In the first place, he has to pay 28 cents on every \$5 in income tax. Then he has to pay a similar amount in super tax and when he dies \$1 on every \$5 of what is left has to be paid for death and estate duties. The total is figured at just under one-third of the income.

Standard Oil Official Changes

The Standard Oil Company of California has elected C. G. Scofield, president; H. M. Story, secretary and director of pipe lines; R. J. Hanna, treasurer and director of refineries; F. H. Hillman, vice president and director of production; W. S. Miller, vice president. The two latter officials are newly created ones. Mr. Hillman was formerly secretary and Mr. Miller was formerly treasurer.

Citrus Fruit Culture in Syria

Citrus fruit growing in Syria is confined largely to Jaffa, Sidon and Tripoli, the output from the latter district is 1,200,000 boxes per annum and this is increasing. All groves are under irrigation; the best cared for groves are those of the Jewish growers in and around Jaffa.

California Petroleum Earnings

California Petroleum Company and its subsidiaries show net earnings "before depreciation," as officially reported for month of April, 1914, as \$192,578, compared with \$188,641 for April, last year. For four months, ending with April, earnings were \$702,180, compared with \$723,625 of the corresponding period last year.

Two Million Dollar Claim Allowed

Claims amounting to \$2,212,000 against the estate of Adolphus Busch by his wife, Mrs. Lillie Busch "for sums from time to time placed with Adolphus Busch on open account for care, investment and use by him," have been allowed by the St. Louis Probate Court.

Take Vacation Trip

W. H. Thomson, note teller of the National Bank of California, and Walter Walker, note teller of the Security Trust and Savings Bank, left Los Angeles yesterday on their vacation. They will motor to San Diego and make several trips from that city, and they may drop over into Mexico before they return.

Retrenchment Endangers Property

President Ripley of the Santa Fe Railway System is quoted in an interview as saying that "retrenchment by the railroads has reached a point where the general condition of the properties is endangered."

Uniform System of Accounting

Experts of the State Board of Control have worked out a uniform system of accounting for every county in the State and the Board will soon order the system instituted.

Southern Pacific Earnings

Gross earnings of the Southern Pacific Railway for April show a decrease of \$98,321 and a decrease in net earnings of \$291,257. For the ten months ended April 30 gross earnings decreased \$2,350,700 and net decreased \$5,234,682.

Standard Oil of Kentucky

The Standard Oil Company of Kentucky has declared a quarterly dividend of \$4 and an extra dividend of \$1, the same as declared three months ago.

Control Beach Public Utilities

Santa Monica has voted to transfer control of the public utilities in that city to the State Railroad Commission.

LOS ANGELES PRODUCE MARKET  
The melon market is very active and the variety of melons is increasing from day to day. The first casabas were received yesterday and were grown locally. They are selling at \$1.50 to \$1.75 per dozen and are of very good stock. Cantaloupes dropped about 15 to 20 cents a crate, and the first jumbo crates of the product are appearing on the market. Standards are selling at \$1.25 to \$1.50 a crate.

Satsuma plums are getting plentiful and there is an immediate and persistent call for them as the choice of the early plums to arrive. They are selling from \$1.15 to \$1.35 a lug, according to quality. Climax, Burbank and Prunus Simoni are the other plentiful varieties, and these are bringing from 75 cents to \$1.25 a box. Peach receipts are heavy and both white and yellow, free and clingstone, are abundant. Some early Crawford's are reported in. Early apples are unchanged, with raspberries bringing a shade the best price.

The egg market is on the see-saw. Prices advanced yesterday morning again, going back to 27 cents under a heavy call.

Northern spuds are on the market. They are an early Burbank variety and are bringing as high as \$1.65 a hundred.

NOTICE  
Notice is hereby given that sealed bids will be received by the Board of Supervisors of the County of Orange up to 11 o'clock a. m., July 8th, 1914, and then publicly opened for supplying the County Hospital with the necessary furniture and fixtures as are required in the office, operating room, laboratories, bed-rooms, wards, dining room, kitchen, etc., as per specifications on file therefore in the County Clerk's office.

That all furniture, fixtures and supplies shall be installed at the County Hospital free from flaws, scratches, etc. All bidders shall be required to furnish cash designs or catalogue numbers of such articles and samples wherever it is possible to do so.

All bids must be itemized to each article of furniture, fixture and supply, and submit separate prices on the same, and prices on the whole.

A certified check in the sum of ten (10%) per cent of each bid as a guarantee of good faith, that the successful bidder will enter into a contract with the Board of Supervisors to perform all things specified in the bid.

The Board of Supervisors reserves the right to reject any or all bids received, and they also reserve the right to accept any bid submitted in whole or in part of said bid.

By order of the Board of Supervisors of the County of Orange.  
W. B. WILLIAMS,  
County Clerk.

NOTICE  
Board of Equalization  
Notice is hereby given that the Board of Supervisors of Orange County will sit as a Board of Equalization commencing Monday, July 6, 1914, and will continue in session as such Board of Equalization up to and including Monday, July 20, 1914.

By order of the Board of Supervisors of Orange County, California.  
W. B. WILLIAMS,  
Clerk of the Board of Supervisors.

NOTICE TO VOTERS  
The Great Register of Orange County for the year 1914, as well as every other county in the State of California, is now being compiled. All voters who expect to participate in the general election to be held in November, 1914, and in the primary election to be held in August, 1914, must register. Registration closes for the primary election on July 25, 1914, and for the general state election on October 3, 1914.

W. B. WILLIAMS,  
County Clerk.

### THE SAN DIEGO PRIEST CLOSE TO DEATH

Father Nunan, Stricken While Driving Auto, Can Live But Few Hours

Father Nunan of San Diego, who was stricken with apoplexy while driving an automobile near El Toro on Monday of last week, can live but a few hours. That is the judgment of Anaheim physicians who are attending him.

The priest lapsed into unconsciousness yesterday morning about 3:30 o'clock. His physicians state that it is not likely the stricken man can live more than forty-eight hours from that time.

Father Nunan, who has had charge of St. Joseph's church at San Diego for three years, and before that of a Catholic church at Pomona for three years, was driving an automobile when he was stricken. In the machine with him was Father Wuefeling of Anaheim, who had been visiting the San Diego priest. Struck with blindness and paralysis of his limbs, Father Nunan could not handle the

machine, and Father Wuefeling did not even know how to stop it. The automobile swerved off the road and through a fence, and back through the fence and across the road into a ditch. Neither of the occupants was injured in the wreck of the automobile. Father Nunan was brought to Santa Ana by Joseph Yock, and the next day he went to the home of Father Dubbel at Anaheim, and he has been there ever since. For a time it was thought that the stroke would be of short duration and that Father Nunan would be able to return to San Diego in a day or two. That did not prove to be the case.

### ANTI-ALIEN LAND LAW CORRESPONDENCE OPEN

WASHINGTON, June 25.—The publication of correspondence between the Washington and Tokio governments relative to the California anti-alien land law will be made by both countries tomorrow by arrangement between Secretary Bryan and Japanese Ambassador Chinda. It is announced this evening.

The first communication was Japan's protest against the law of May, 1913, before the law itself was passed. The last is a reply by the Washington government sent yesterday in response to a message from Tokio ten months ago. Throughout the discussion the Japanese aim was to show that the California law violates the existing treaty. The Americans sought to prove that that very treaty expressly excluded Japanese from holding agricultural lands.

### IF BACK HURTS USE SALTS FOR KIDNEYS

Eat Less Meat if Kidneys Feel Like Lead or Bladder Bothers

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications.

A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.—Advertisement.

### WALTER J. EATON NOW MINING SUPT.

Assumes Charge of the Union Mine at Gloucester Camp, North Fork, B. C.

The following complimentary notice of Walter J. Eaton, son of Mr. and Mrs. E. J. Eaton, of 144 West Seventeenth street, and formerly prominent in school athletics here, is taken from the Grand Forks (B. C.) Gazette:

W. J. Eaton, who for the past year has been connected with the assaying department of the Granby smelter, left on Monday for Gloucester camp, North Fork, where he will assume the position of superintendent of the Union mine for the owners, Lewis Johnson, et al.

Mr. Eaton is a graduate of Golden School of Mines and has seen considerable of the practical side of mining, as well as having an extensive experience in assaying with the Granby and other companies.

The acquisition of Mr. Eaton should mean much to the Union. Shipments in the past have been made without a knowledge of the approximate contents of the ore. On account of the heavy transportation expense to the smelter, together with smelter charges, etc., it does not pay to ship ore which runs under \$30 a ton, and while there is understood to be plenty of ore which will bring handsome profits in spite of this handicap, the ore must be selected to a certain extent. Being able to secure assays on the spot should facilitate the work. Mr. Eaton is also said to be working on a scheme to mill the ore and ship only the concentrates.

Shipments of ore under the contracts of Messrs. Guise and McFarland are being pushed ahead. At present over 70 horses are employed in teaming the ore from the mine to the railroad at Lynch Creek.

### AT THE COURTHOUSE

### JANNS GIVES HISTORY OF YORBA LINDA

Details of Issuance of \$175,000 Bonds Not Yet Reached

All day yesterday and today Edwin Janns, secretary of the Janns Investment Co. of Los Angeles, has been under the fire of continual questioning by Attorney Farrelhar, one of the attorneys representing the Yorba Linda land owners in their suit against promoters of the tract. Details of the formation of the Stern Realty Co. by Peter Janns, Jacob Stern, E. W. Frank and M. N. Newmark, and the company owning the land, and the Yorba Linda Water Co., as the company owning the water stock and rights, were brought out in the examination. The Janns Investment Co. was the sales agent for the tract, some 3,000 acres of land at the mouth of the Santa Ana canyon.

The plaintiffs contend that the water company issued bonds to the Janns Investment Co. to hold for the promoters, the bonds aggregating \$175,000. This transaction is one of the most important that the plaintiffs hope to get information concerning from Janns. The land owners say that there was no consideration for the bonds, that they were issued, and that the water company, part of the stock of which is now owned by the land owners though the promoters still hold control, pays interest on the bonds.

The indications are that Janns will be on the stand for a day longer anyhow. Though secretary of a defendant company he was called by the plaintiffs as their witness.

**To Quiet Title**

Suit to quiet title to 10.87 acres of land has been brought by J. W. Maaz against G. W. Kammarth, A. E. Koepsel is attorney for the plaintiff.

**Deputy Constable**

M. Boisseranc, constable of Yorba township, has appointed W. A. De Berry as a deputy constable.

**For Judgment**

Addie E. Haugh, Marion S. Monaghan and Shirley R. Thomas have brought suit for judgment on notes given to their father, D. H. Thomas, by W. A. Raplee. One note is for

\$1489 and the other for \$2000. Daniel & Daniel are attorneys for the plaintiffs.

### ABE RUEF CUT OFF FROM PRIVILEGES IN PRISON

SAN QUENTIN, June 24.—Charged with an abuse of privileges and of circumventing prison rule, Abe Ruef, in addition to being denied parole by the prison directors, was barred today by Warden Johnston from receiving visitors or any communication from the outside. The alleged offense was that Ruef gave out for publication the statement of his request for a parole. His attorney actually did this without the prisoner's knowledge. The order reads: "Until further notice."

### KAISER GREETED NORTH AMERICAN SAENDERBUND

LOUISVILLE, Ky., June 25.—Dr. Oscar Metzger, imperial consul to Ohio from Germany, yesterday presented to the North American Saenderbund a golden medallion and a message from the Kaiser to the gathering.

### GRENINGEN UNIVERSITY NEARING TRICENTENARY

### TO INVESTIGATE FREE LIBRARY PLANS

Women's County Organization Starts Campaign of Education

Yesterday afternoon there was held a meeting of the executive committee of the Federation of Women's Clubs of Orange County. This meeting was called to consider what steps should be taken in regard to the proposal for the establishment of a county free library in this county. It seems that the county organization had the proposal under consideration, but had not expected that the matter would be brought to an immediate head before the Board of Supervisors. The women yesterday concluded to do their best to give wide publicity to the two

### GOOD NEWS

Many Santa Ana Readers Have Heard It and Profited Thereby

"Good news travels fast," and the bad back sufferers in Santa Ana are glad to learn where relief may be found. Many a lame, weak and aching back is bad no more, thanks to Doan's Kidney Pills. Our citizens are telling the good news of their experience with this tested remedy. Here is an example worth reading:

R. J. Haines, Fowler House, 206 Ross St., Santa Ana, says: "I had pains through my back and sides. It was hard for me to straighten after stooping. The action of my kidneys was irregular. When I used Doan's Kidney Pills they made my kidneys normal and stopped the pains."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Haines had. Foster-Milburn Co., Props., Buffalo, N. Y.—Advertisement.

plans of county free library management and maintenance, so that the various communities may act intelligently upon the matter and decide which plan, if either, that they want.

The executive committee named a committee in each community to make plain to the people the things that ought to be made known before a decision is reached, so that each community may send a delegation, if it desires, before the supervisors. By one system a library is established at the county seat, and is maintained separately, and by the other a contract is let to some municipal library to furnish books to county territory in the same manner as would be done by the county library if maintained separately from any municipal library.

### DEATH CALL COMES AS HE MAKES REPORT

Veteran Dies of Apoplexy While Addressing G. A. R. Meeting

Ira W. Davis, aged 80, dropped dead of apoplexy and organic heart disease yesterday afternoon at G. A. R. hall while making a report to Sedgwick Post on the recent Southern California Veterans' Encampment at San Diego, which Mr. Davis attended as a delegate. Death came without warning.

Mr. Davis was a member of the Masonic lodge at Oceanside, where he formerly resided. His wife, Mrs. A. B. Davis, is in the East. Other family connections Mr. Davis had here are Mrs. W. J. Cozad and Mrs. Mida Branson, daughters of Mrs. Davis.

In his effects was found a will directing that the body be sent to Oceanside for burial. The Masons at Oceanside will have charge of the funeral to be held Saturday. On account of the Oceanside funeral, Mr. Davis' relatives here will hold no services. The body will lie at Mills and Winbiger's chapel tomorrow afternoon, where friends may view the remains. Sedgwick Post and other patriotic organizations being especially invited.

**ROYALTY TRIES LACE MAKING**

MANSFIELD, England, June 25.—King George and Queen Mary tried their hands at lace making in the factories here today. The queen showed cleverness, but the king was slow to learn. The suffragette terror still fol-

## SMART SHOP REORGANIZATION SALE

IT'S UP TO ME NOW TO SELL THESE UP-TO-DATE SUITS, COATS, DRESSES.

Mr. Schenkein's instructions were simply in the extreme. Three words covered them: "SELL THESE GARMENTS." And then he added, "Friedman, you haven't failed me yet. You see how I am fixed. I've simply no room to unpack the merchandise that is coming in. I'm going to leave the whole store, the stock, its management and the selling to you.

"But I want results. And because I want them so badly, I'm going to give you an absolutely free rein. I don't care what sacrifice you make or how much money I lose."

That's all he said. And it's enough. If ever you expect to buy a new Suit, Coat or Dress, and if the saving of \$5.00 to \$20.00 is an object to you, come! Share in the wonderful bargains which Mr. Schenkein's emphatic orders have enabled me to give.

SAM FRIEDMAN.

## THEY FINISH TRAINING TODAY

Johnson and Moran to Do Only  
Light Work Until Champ  
Melee Saturday

### EXPERTS VISIT NEGRO'S QUARTERS

Deny Reports That Colored  
Heavy-Weight is Fat and  
Unconditioned

PARIS, June 25.—Jack Johnson and Frank Moran practically concluded their training today for their fight for the world's pugilistic championship Saturday. Both fighters from now on will do but light work. American experts who visited Johnson today denied the reports that the colored heavyweight is fat and out of condition. They said that if fast living had affected Johnson it is not noticeable in his appearance. The negro worked strenuously for several rounds, permitting his partners to belabor his body without apparent effect. Moran also seems in perfect shape. It is estimated that 25,000 people will attend the melee.

### WHICH WILL WIN, JOHNSON OR MORAN?

(By William Philip Simms, Paris Correspondent of the United Press.)  
PARIS, June 25.—Jack Johnson and Frank Moran, black and white, meet here Saturday night at the Velodrome d'Hiver. If the white man wins, the lucky puncher will be worth a fortune to him. If his punch lacks the necessary ginger, good night, Mr. Moran! That is the way the betting man sizes up the fight. For Moran it means everything. Either he will open his eyes on Sunday morning a famous fighter, with a golden sunrise and a golden day in front of him, or he will regain consciousness only to realize that his sun has set and that he is not even a has-been; that he has had his chance and not made good; that he is an almost-was and yet a never-was.

For Jack Johnson the fight doesn't mean so much. If he defeats Moran he will do more than is expected of him here. He will not gain a particle in popularity despite the fact that his need of public adoration is now a negligible quantity. Should he take the count he would lose nothing, since he has nothing to lose. Win, lose or draw, he gets only his \$30,000, plus \$5000 training expenses which he has now drawn. Lose or win he will become a professional automobile driver, having already signed a contract with certain makers of a Belgian car and made his plans for taking part in the French Grand Prix and the Russian Circuit this summer.

In his own words: He has "got his." A black satellite of Johnson's told the United Press correspondent: "Jack don't care how the fight comes out; he's got his already and the way his future business is mapped out, it isn't going to hurt him much, win or lose." There is only one hitch in this statement: Johnson hates the white man, and unless circumstances have altered since the wise ones had a look-in, he will try to put Moran to sleep. Johnson, just emerging from his training camp on the banks of the River Oise—this stream is pronounced "was" in French, whatever, if any, significance that may have—is quite the most cheerful, not to say nonchalant person hereabouts. Self-confidence bubbles over the top. And when anybody asks him if he expects to retire to the River Oise on Sunday he comes back with the merry persiflage: "Wrong number, Steve; after Saturday night my home is on the River is."

If Moran, the merry, is right in his hope, that same little River is will be one of milk and honey, of gold and banknotes, for the lad, from Smoke-town, Penn., will be the most popular hero who ever told the Statue of Liberty good-morning. Roosevelt's return from Africa, Cook's return from the north pole (or vicinity), or any of other home-comers will have nothing on him, while vaudeville engagements and all the other spoils of pug championship will put him where Rockefeller will be grinding his false teeth. If he gets licked: Curtain.

Johnson has already signed to fight Sam Langford in London in September or October. Dick Kiegin, the youngster who staged motor polo in England being the sporting impresario back of the match. According to Dick and Jack, no mention of the possible change of address on the part of the championship belt is mentioned in the contract. Gunboat Smith and Georges Carpentier, the latter being the French champion heavyweight of Europe, fight in July, in London, for the title of white heavyweight champion of the world. The winner of this event, it is said, will fight the next aspirant, if betting odds and past per-

### LAUNCHING SIR THOMAS LIPTON'S SHAMROCK IV

Sir Thomas Lipton's Shamrock IV with which he hopes to lift the America's cup this year, is the strangest model of a yacht that has ever engaged in the international races. She is so constructed that

those who saw the launching at Gosport said her hull looked like that of a tugboat. But Designer Nicholson and Lipton are sure she will prove a surprise when it comes to speed.

## WALTER JOHNSON MARRIES A CONGRESSMAN'S DAUGHTER

Walter Johnson, the great baseball pitcher, is married. Johnson was raised at Olinda, and with the famous Oil Wells team, of which City Clerk Joe Burke was once manager, he did his first semi-professional ball playing. He frequently pitched for Santa Ana, being the mainstay of a small league team. Although turned down by Dillon of Los Angeles, Johnson broke into fast company through an Idaho league, from which he was taken to Washington, D. C.

Of his wedding a Washington dispatch says:  
Walter Johnson, tamer of the hard hitters of the American League, became a benedict last night. He was married to Miss Hazel Lee Roberts, daughter of Representative and Mrs. E. E. Roberts of Carson City, Nev., at the Roberts Washington home.

It was a year ago when Representative Roberts, who is a baseball fan, took his daughter to a ball game here. Walter Johnson pitched the second

game of a double-header against the Athletics, and beat them 2 to 1. After the game her father presented Johnson to his daughter, and the romance, begun then, culminated in an engagement a few months later.

Johnson pitched the second game of a double-header against the Athletics again yesterday afternoon and again won his game, 2 to 1.

The bride-to-be and her mother viewed his triumph from a box. Meanwhile Walter's friend, Ansel Wold, clerk of the senate committee on printing, made the arrangements for the wedding. The Rev. F. J. Pretyman, chaplain of the Senate, solemnized the ceremony. En route for the wedding, Walter's automobile broke down. He arrived breathless and fifteen minutes late for the ceremony.

The wedding journey to Atlantic City will be brief because the bridegroom will have to pitch in Philadelphia Saturday.

formances mean anything.

The Velodrome d'Hiver—Winter Velodrome—promises to be jammed Saturday night. It holds some 35,000 people. Ordinarily it is used as a cycle-race arena, but now everything is changed. The saucer track is covered with numbered seats and the flat spaces inside the course are littered with chairs. Ringside seats are offered at \$50 plus 10 per cent for the "poor tax" levied by the government. The Velodrome is in the western outskirts of Paris, within a stone's throw of the River Seine. It is very difficult to reach save in taxis or other similar conveyances, surface cars and the underground—which at this point is 60 feet overhead—running to all points save those a person desires to go to. A short distance farther west is the Issy-des-Moulineaux Aerodrome; to the east is the Eiffel Tower and the Big Wheel; across the river is the Trocadero.

All about the building are tiny wine shops, little groceries and so on, such as one sees in any big town suburb, the keepers of which are conservative Frenchmen who still think "La Savate" is the thing and that Moran and Johnson will try to kick each other to death in the ring.

LATER  
PARIS, June 25.—Johnson began his "drying out" process today. He gave his weight as 216 pounds. Moran is down to 202 pounds. Vague rumors that the fight is "fixed" are halting the betting. Little money is registered. The prevailing price is five to two in Johnson's favor.

## DEMAND FOR COLE CALLS FOR BRANCH FULLERTON AGENCY

In order to properly attend to the increasing demand for the Cole automobile, Wisdom & Company have established a branch agency at Fullerton. D. F. Wisdom of this city will have charge of the northern Orange county branch of this popular car. This office is to be located at 217 North Spadra street. The season of 1914 was a much greater success than this firm had hoped for, and as the 1915 season outlook is so good, this action was decided upon.

**LAGUNA AUTO STAGE**  
Peacock's Laguna stage leaves the White Cross Drug Store, Santa Ana, daily for Laguna Beach at 4:15 p. m.

## 1914 OVERLAND SEASON A SUCCESS

Style and Service of Car  
Combine to Create Steady  
Demand

The 1914 season for the Overland has been very successful so far, and from present indications the demand will still continue. The style, service and value of this make of car is well recognized by all and the coming season will see as many cars sold as were sold in past seasons.

Following is a list of the purchasers of the 1914 Overland cars:  
E. L. Morrison, J. C. Lamb, William Whitehead, C. S. Hubbard, C. E. Hughes, Fred Rohrs, D. H. Buchheim, J. N. Chamberlain, Phillip Lutz, R. L. Tedford, of Santa Ana; George Kuechel, Harry Marquart of Orange; D. W. Souther, Mr. Devaul, of Garden Grove; Lewis Hillyard, Arley Leck, A. Thorman, of Tustin; Edison Electric Company, Santa Ana (utility truck).

### NEW MACHINERY FOR VULCANIZING WORKS

Mr. Charles Bevis, of the Hoosier Vulcanizing Works, says that he has been forced to add new machinery to take care of the firm's increasing business in re-treading and vulcanizing.

### TWO KISSEL KARS SOLD LAST WEEK

During the last week the Orange County Kissel Kar agents delivered a new five-passenger four-forty car to Judge W. W. Simon of Orange avenue and also one of the same model to O. S. Lewis of 418 West Second street.

—Three great days—June 20, June 27, July 3—special parties to Yosemite and Mariposa Big Trees. C. A. Wilcomb, agent, 606 So. Spring St., Los Angeles. M8850-F7514.

## SHAW PROPOSES ANOTHER TRIP TO PEAK

Next Expedition to High Spot  
Will Be by Silverado  
Trail

Linn L. Shaw, organizer of the expedition to Santiago Peak, has the mountain fever. He liked the Santa Ana Chamber of Commerce trip to the top of Old Saddleback so well he wants to take another one.

Shaw's proposal is to ascend by way of the Silverado trail, and to spend the night up as close to the stars as it is possible to get in this county unless one happens to be Glenn Martin or some other sky pilot of his ambitions.

The journey made by the Santa Ana party was by way of Joplin's and the upper end of the Santiago canyon, which heads in on the other side of the portion of Old Saddleback that is closest to Santa Ana. By the route now proposed as one to be followed the automobiles would travel to Silverado canyon. That is a great ride by itself, as the Silverado is one of the most beautiful canyons in the county. The trail to the crest is not in as good condition as the one to Santiago Peak from Joplin's. The forest service has recently brushed it out, but the climbing is fine.

This trail has been used a good deal in the last six weeks by the forest service men. Ranger Stephenson has five or six men engaged in building a fire guard along the crest above the Silverado, and the Silverado trail is used almost entirely for transporting grub to the hungry brush-cutters.

A few days ago Ranger Stephenson very near lost a horse on this trail. The animal was loaded with grub. She struck a bad piece of trail and contrary to her usual custom on the trail became excited. She bumped into a big boulder beside the trail, disturbed her pack, jumped, slipped off the trail and rolled 150 feet down the mountainside. She was lucky to get off with that. She escaped without breaking any bones but she had a hole a foot long in her shoulder.

Shaw has been talking the Silverado trail trip, and he has found that all of those who were on the trip a week ago Saturday are anxious to climb the mountain again. They say that the views to be gained from Old Saddleback are worth climbing for, and once obtained are always tantalizing the memory for more of them. The trip will be a rougher one than the one from Joplin's, but it is said to be shorter in distance. Mt. Modjeska will have to be circled or gone over in order to reach the saddle and the government's cabin sand camping place on Santiago Peak.

### HAL CHASE JUMPS TO FEDERAL LEAGUE

Hal Chase, the greatest first-baseman (when at his best) baseball has ever seen, has jumped to the Federal League, he says. He will report to the Buffalo club of that organization in a few days. How much money Chase will get is not known. He probably has drawn at least \$6,000 a year with the White Sox of Chicago, and will probably receive much more from the Buffalo club. Walter Johnson, the Washington pitcher, it was said, was offered a bonus of \$50,000 to join the new league, and Ty Cobb has been offered a large sum.

Chase's contract with the White Sox calls for a ten-day notice on the part of either club or player. Chase, it was declared, had served notice on Charles A. Comiskey, president of the White Sox, that he would

leave in that time. But Comiskey said in Chicago that he had not received such notice.

Frank Chance, manager of the New York Americans, traded Chase to Chicago because he had been a disturber in the club. While a great player, it was said he had talked to many players till they were dissatisfied, and therefore failed to do much on the field. There have been rumors that he had trouble of this kind in Chicago.

In his first year with the New York Americans he revolutionized the playing of first base. For years it had been the custom of first basemen to play a very small area about the bag. Chase ran far in for bunts and then backed out almost to the right fielder. His plays were often so fast that other infielders were not prepared for them.

## Shultz Still Heads List of Local Clouting Experts

The mighty Schultz still leads the base ball team, according to the dope compiled by the club scorer. The "Terrible German" has been at bat 27 times in six conflicts, has traversed the trencher nine times, has gotten 17 base wallops, has pliffed five nicks, has garnered a three-fifteen

clout and a brace of two-sack blows, all of which nets him a juicy average of .630. Kelley, Brown, McGaffey, Woodward and Freeman are all campaigning hard on Schultz's trail, all these gentlemen brandishing the bludgeon considerably over 300.

Following are the complete figures of individual batting and fielding averages of the Stags:

Individual Batting												
	GAB	R	H	SB	HR	3b	2b	SH	Per			
Schultz	6 27	9	17	5	0	1	2	0	.630			
Carver	1 5	1	3	1	0	0	0	0	.600			
Kelley	8 34	7	16	5	0	0	8	2	.471			
Brown	9 30	7	12	1	0	0	0	2	.400			
McGaffey	8 29	4	10	0	0	0	0	3	.345

## OPEN HUDSON RIVER GOLF CHAMPIONSHIP

KINSTON, N. Y., June 25.—With many of the best golfers of this section entered, the annual Hudson River Golf championships started here today on the links of the Twaalfskill Golf Club. The preliminary rounds were to be played today. The tournament will continue tomorrow and Saturday.

## N. Y. YACHT CLUB ANNUAL REGATTA

NEW YORK, June 25.—Sailing yachts and steam yachts without number, and to the value, all told, of something over a million dollars, gathered off Glen Cove, Long Island, today to participate in the annual regatta of the New York Yacht Club.

McElree for windshield glass.

## RECORD JAM AT BOXING SHOW

Athletic Club Smoker a Whirlwind Affair From First Gong to Last

### SNODGRASS-BURRELL GO PROVES EXCITING

Morrison and Young Furnish  
Splendid Exhibition of  
Wrestling Art

A record-breaking crowd set its stamp of approval upon the smoker and boxing show held at the Santa Ana Athletic Club last evening. The show was a whirlwind from the first gong until the last with only a brief intermission between numbers. The crowd although large was exceptionally orderly and in many ways resembled a lecture room more than a boxing show.

In the curtain raiser Snodgrass received the decision over Burrell after four rounds of fast and exciting boxing. This was undoubtedly the best bout that has so far been staged between the little boys and both deserve credit for giving a good exhibition of the manly art.

The second event of the evening was a ten-minute wrestling exhibition between "Spud" Morrison of Santa Ana and Earl Young of Ithaca, New York, which went the limit without a fall, both boys showing remarkable strength and cleverness. It is the intention of the club to have them meet at the next smoker in a real live match when both are in condition. From the showing last night there is no doubt but what a very fast bout will be the result. Art Reed of Brea received the decision over Eddy Pay of Los Angeles after three rounds of fast and furious milling in which a few new wrinkles of the boxing game were introduced. Pay, although the lighter man, carried the fight to his much heavier opponent but the extra weight and the fast pace was too much for him and his strength soon gave way, leaving him at the mercy of a stronger man.

The match between the colored boys was a good boxing exhibition in which neither party was very eager to do damage to the other. The decision was a draw after four rounds of clever boxing and fast work.

Frank Ocampo, the local boy, won the decision over Bob Brown of Anaheim after three rounds of fast work. Brown did not appear in as good condition as when he boxed here before, while Ocampo has improved wonderfully since the last time he worked. He has developed a very clever shift and has mastered a good uppercut, both of which were used to advantage in his bout with Brown. Should he continue to improve he will soon be in line for some better matches. Jonney Arrezone and "Fighting" Lee met in the fastest boxing match of the evening with Lee the aggressor and Arrezone apparently holding off. Arrezone did not show his usual snap and speed and was evidently playing safe for his match with Patsy Riley in San Diego on July 4th. This bout was in some ways a slight disappointment to the fans as it was expected that these boys would mix it a little more strongly. Both boys are among the top notch preliminary fighters on this end of the coast and are naturally looked to for a little above the ordinary. The match as a boxing exhibition would pass muster in first order without opposition but was not what the fans expected.

The main event between Jack Gillis of Boise, Idaho, and Joe White of San Gabriel was the epoch-making event of the evening. White with his clever shifting and rushing tactics carried the fight to Gillis from start to finish, although Gillis seemed to have the harder punch and the best judgment during the earlier rounds. Gillis, who has been meeting some of the best boys in the West, was not at his best last night, and when he ran up against White he met one of the toughest little boys in the ring. After the match he was more sure of this than ever. White appeared in the better condition of the two and had his usual smile of confidence. He started in with a rush and a bang and kept at it all the way. White has appeared here several times and every time appears to better advantage. The last three rounds were the best and many times the crowd was forced to cheer when the boys came together for an even exchange of blows. Gillis seemed to weaken toward the end and left White with a slight lead at the end. The decision was given as a draw after a brief delay.

## CADILLAC IS SOLD AT PLACENTIA THIS WEEK BY LOCAL MAN

The Cadillac agency delivered a five-passenger Cadillac to Reo R. F. Coyle of Placentia this week.

# THE COMMODORE CHANGES HIS MIND

Beard to Command "9-9" on Catalina Trip—A Deep Sea Skipper at Last

Deep mystery shrouds the sudden decision of Commodore Beard to assume full command of the "9-9" when that launch leaves Newport Beach Saturday night at 12 o'clock on a voyage to the Isle de Catalina.

As is well known, the Commodore has heretofore emphatically denied upon each and every occasion that he is a deep sea commodore. For this reason when the first rumors that he was about to slather all known records by actually embarking on a deep sea cruise floated round about Santa Ana yesterday Commodore Beard's cronies stood aghast. Such a proceeding on the part of the staid Commodore was unheard-of, absolutely unprecedented.

As has been before stated, the processes of mind that so suddenly caused the Commodore to make up his mind to direct the destinies of the "9-9" on her perilous cruise Saturday night remain shrouded in mysterious gloom.

This sudden "resolution of intention" upsets all the dope, as a legal-minded baseball fan would put it. There have been many who have slyly and maliciously accused the Commodore of lacking sufficient—well, courage, to put it baldly, to venture upon a trip upon the deeper portions of Neptune's domain. Now that Beard has made up his mind to do so the foregoing conjecture proves absolute. Henceforth the Commodore cannot be accused of lacking "nerve."

There must be another reason. But what can it be? Where is the key to the riddle? Surely the Commodore could not have had a temporary mental lapse. Has he not always displayed an evenly-balanced and serene demeanor?

The only solution that can be offered

## Tell Us Your Tire Troubles

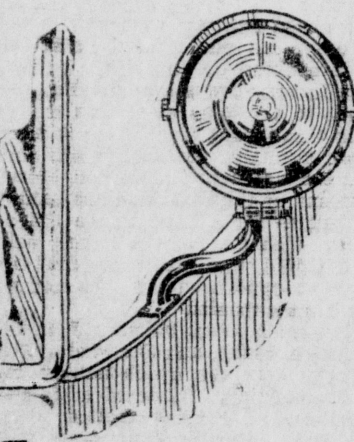

Don't get the idea that to tell us your tire troubles will bore us. On the contrary, we want to know them. That's part of our business, listening to motorists' troubles and helping them out.

If your tires seem to be going wrong, let us advise how to save them. Chances are the remedy will cost you little or nothing. Perhaps a small cut to repair or wheels are out of line, or you need more air. Dozens of little things can happen to tires, that become big things if neglected. See us before those small troubles ruin your tires.

If you want new tires, we can be of service to you, too. For we now carry a complete, fresh stock of the famous Goodyear No-Rim-Cuts. These are, in our judgment, the most serviceable tires. We're not troubled by rim-cutting or tube-pinchings with Goodyear No-Rim-Cuts. And we note a material lessening of blowouts, due to the Goodyear "On-Air" method of curing. This process alone costs them \$1.50 daily—just to save motorists this costly ruin.

Many of our customers also appreciate the ease with which a Goodyear No-Rim-Cut is removed. Tell us your tire troubles. It will be a pleasure to help you.

Opposite the Post Office

## Kaufmann's Handy Searchlight

This is the searchlight that you have been waiting for. It cannot be duplicated any place for twice the money and combines all the handy features of all other lights. The uses to which this searchlight can be put are innumerable. It can be placed on any part of the windshield, and can be adjusted to point in any direction. It gives a strong penetrating light. The searchlight is silver plated, with a strong reflector placed on a universal bracket, which can be taken off or put on the windshield at will. It can be used in aiding the headlights, locating objects in the field; finding house numbers and also as a trouble light in fixing engine troubles or punctures. It may also be used for camping out.

The Kaufmann Handy Searchlight comes fully equipped ready to attach to the storage battery or magneto. A 6-40 storage battery will run it successfully.

The Kaufmann Handy Searchlight comes in two sizes; 4 1/2 and 5 1/2 inch reflector. The 4 1/2 inch searchlight sells for \$6.00 and the 5 1/2 inch at \$6.50.

Investigation of the merits of this searchlight will convince you that it is just the one for you. Manufactured and sold in Santa Ana by Chas. Kaufmann at 417 North Broadway.

## MAKING INTERNATIONAL LIGHTWEIGHT MATCH BETWEEN WILLIE RITCHIE AND FREDDIE WELSH FOR THE CHAMPIONSHIP OF THE WORLD

From left to right: Harry Stefens, Ritchie's brother; Harry Pollok, Welsh's manager; Bob Vernon, match-maker for the London Club, where the fight is to be held; Ritchie, the American champion; Jack McAuliffe, ex-champion; Billy Gibson, stakeholder; Emile Thierly, Ritchie's secretary.

Willie Ritchie, the American light-

weight champion, sat down in a hotel in New York Tuesday night, June 9, to sign a contract for his match with Freddie Welsh, the lightweight champion of England. Ritchie demanded \$25,000 for his end. He insisted on a guarantee of \$15,000, to be placed in the hands of Billy Gibson, the fight promoter of New York, which was to become his

the moment he stepped into the ring in London. He also asked a share in the moving picture rights of the fight, and agreed to take \$10,000 in cash for that interest.

If he receives \$25,000 for his end it will be the largest sum a lightweight has been given for a fight, and if he wins he will be the undisputed lightweight champion of the world.

## PINCH OUT MATCH BEFORE YOU THROW IT AWAY IN WOODS

"Be sure your match is out. Break it in two before you throw it away."

The forest service has this amended rule one of the familiar "Six Rules for the Prevention of Fire in the Mountains," believing that in this form it will remind inexperienced campers to pinch out the glowing stems of their matches, as mountaineers instinctively do.

Cards, vest pocket size, bearing the six rules on one side and the state game laws on the other are now being distributed by forest officers. The six rules for prevention of fires in the mountains follow:

1. Matches—Be sure your match is out. Break it in two before you throw it away.

2. Tobacco—Throw pipe ashes and cigar or cigarette stumps in the dust of the road, and stamp or pinch out the fire before leaving them. Don't throw them into the brush, leaves or needles.

3. Making Camp—Build a small camp fire. Build it in the open, not against a tree or log or near brush. Scrape away the trash from all around it.

4. Leaving Camp—Never leave a camp fire, even for a short time, without quenching it with water and then covering it with earth. See 1914 Hunting License.

5. Bonfires—Never build bonfires in windy weather or where there is the slightest danger of their escaping from control. Don't make them larger than you need.

6. Fighting Fires—If you find a fire, try to put it out. If you can't, get word of it to the nearest U. S. Forest Ranger or State Fire Warden at once. Keep in touch with the rangers.

## S. S. NEVADAN RAMS INTO SAN PEDRO BREAKWATER

SAN PEDRO, June 24.—The American Hawaiian Steamship Company's ship Nevada entering the harbor today in a fog rammed against the breakwater. The damage was not ascertained. The Nevada was towed to the dock, where divers will inspect her. She was en route to Balboa.

### NOTICE

—All who need ladders will find it to their interest to look over our stock. We make the only ladder that is guaranteed against racking. We make all kinds at 418 West Fifth.

## SPORTSMEN'S AID SOUGHT AGAINST FOREST FIRES

Because of the fact that many forest fires are set through the carelessness of hunters, campers and others who go in the woods for recreation, the forest service has taken up with manufacturers of fire-arms and ammunition the question of a co-operative arrangement through which the purchasers and users of guns and cartridges will be reminded of the fire danger.

It has been pointed out that in the lumber regions of the northwest, for example, the manufacturers and other business men have been having printed or stamped on their stationery and pay checks various crisp, catchy statements about the loss which the public suffers through the decreased demand for labor and decreased money in circulation, if timber—which is the source of many of the northwest's industries—is burned up.

It has also been pointed out that in the east, particularly, many forest fires are started by the carelessness of hunters who drop burning matches, cigar or cigarette stumps, or pipe coals in woods, or perhaps build a fire which is left burning when the hunter goes on. Forest fires, of course, greatly injure the interests of sportsmen by robbing birds of their proper cover. They also impair the food supply of both birds and big game, through the destruction of the undergrowth which furnishes browse, berries, etc.

The eastern woods are exposed to danger from fires principally in the spring and fall, when most of the trees are bare and the leaves on the ground are dry. The spring fires, many of which are due to trout fishermen, may destroy the eggs of game birds and even young birds themselves. Since trout fishermen are likely to hunt in the fall, the same individuals, if careless, may be a source of danger at both seasons.

It is suggested that the manufacturers of arms and ammunition ought to be sufficiently interested in the matter of perpetuation of game to be willing to help in the campaign against forest fires. This help may come through the printing of some brief fire warning on cartridge boxes, or some slip to go with any hunting or camp supplies which are furnished. Several manufacturers have already expressed their interest in the matter and their willingness to help.

## LOCAL MAN MAKING AUTO SEARCHLIGHT

What promises to be one of the most popular searchlights for automobile purposes is the one which Chas. Kaufmann, the machinist, has just perfected. The searchlight is nickel-plated and placed on a universal bracket which allows the light to be turned any way desired, and in addition the searchlight can be fastened to any part of the car, or removed entirely in case of trouble. The light is already to be attached to the dynamo or to the batteries.

The searchlight is manufactured and sold by Chas. Kaufmann, who has conducted the machine shop at 417 North Broadway for the last few years. The prices are very reasonable.

### College Colors

The colors of the leading colleges and universities of the country are as follows: Yale, blue; Harvard, arterial red (crimson); Columbia, light blue and white; Amherst, purple and white; Johns Hopkins, black and old gold; Princeton, orange and black; University of Michigan, maize and blue; University of Pennsylvania, red and blue; University of Virginia, orange and dark blue; University of Wisconsin, cardinal; University of Maine, light blue; University of California, blue and gold; University of Chicago, maroon.

### The Word "Replica"

Perhaps not one writer in ten uses the word "replica" in its correct sense. People seem to think that "replica" means merely a "copy." One reads, for example, about "modern artists' replicas" of old masters' work and that "replicas" of Columbus' caravels are to be made. A replica is "a copy of a work done by the same hand that did the original." It is not likely that the hand which designed the caravels of Columbus is now at work making copies of them.—New York World.

## Keep Your Car

Too many cars sold today are built to be traded, to last but one or two years; of ordinary materials; of extreme design; and therefore quickly useless and out of style.

## THE SECOND-HAND MARKET IS FLOODED WITH SUCH CARS

And their value is next to nothing.

Look through the classified columns of any newspaper and notice through column after column the scarcity of

## Lozier Cars

The real merit of any car is best shown by its absence from the second-hand market.

There are practically no Lozier cars on the second-hand market, and as far as the Lozier cars are concerned, we have no used car problem.

Lozier "Four" \$2250  
Lozier "Six" \$3400

# ARRANGE FOR THE OUTING AT CATALINA

Y. M. C. A. is Going to Have Fine Camp for Big Crowds of Boys

E. M. Brown, secretary of the Orange County Y.M.C.A., has just returned from a three days' stay at Catalina Island, where he, with representatives from other Southern California associations, was busy setting up the boys' camp for this summer.

There was about a dozen in the advance party and the time was spent in clearing off the grounds, laying out baseball diamonds, tennis courts, places for quail pitching, etc., setting up the tents, putting the big swimming float in shape and getting everything in readiness for the army of boys who will invade the place this summer.

Mr. Brown says that the indications are that the camp will be the biggest and best by far of any in the history of the institution. Between June 24, when the younger boys go from Pasadena, until September 5, when the South Pasadena and Whittier communities end their camp, there will be no less than five hundred boys in camp, and the grounds will be occupied all the time, one group of boys leaving one day and another coming the next day.

Tom, the expert Jap cook, with his able assistant, "Nishi," are already on the job and will undertake to feed the hordes of boys all through the summer. An instance of real appetites was given last summer. There were 100 boys in camp. For breakfast 480 biscuits were baked and everyone eaten, and before night 140 loaves of bread had been consumed as well. Add to this mountains of mashed potatoes, great crocks of beans, huge platters of beefsteak, corn, tomatoes, etc., with canned peaches or apricots for dessert, all of which suffered in the same proportion as did the biscuits, and you have an idea of how a hungry boy eats.

A herd of ten or a dozen wild goats was seen near the camp one evening. Flying fish were common sights and evidence of the fine fishing was to be seen at the dock at Avalon whenever one of the party happened to go to town. Several found splendid specimens of moonstones, and the beach for swimming was never finer. Owing to the fact that Orange county and San Bernardino county, which are going in together, only have two weeks this summer instead of four weeks as they had last summer, only 100 boys can be accommodated from these counties, fifty from each county. Last year eighty-two went from Orange county. This will probably mean that some who wish to go will not be able to get in.

No preference is being shown, the ones who get in their applications first are the ones who are taken. Already several applications have been received and a number of boys in each community are talking of going and trying to make arrangements to get away. The date for the Orange county camp is from Aug. 6 to 19. Any boy between twelve and twenty is eligible. Information may be had by writing or calling on Mr. E. Brown, second floor, Register building, Santa Ana.

McElree for windshield glass.

## BEAN BAKERS FOR Y. M. C. A. CAMP

Competent cooks, fully equal to the task of satisfying one hundred ravenous appetites, will have charge of the culinary department, under the direction of one of the county secretaries.

Jam, Jelly and canned fruit is always appreciated in camp. Mothers who would care to make such donations will be gratefully remembered by the campers.

## INDOOR CONFLICTS ARE WAXING WARM

Big Crowds Witnessing Games; Pennant Struggle Will Soon Begin

The ball games on East Fourth street have been creating a good deal of interest, big crowds witnessing the contests. There is a close race on between the First Methodist, Presbyterian and United Presbyterian teams and it is a problem to try to figure out which team will win the pennant.

Last Friday the Edison team defeated the Christians, 24 to 9, and the following Monday the Edison were defeated by the Presbyterians, 28 to 14.

Last night the United Presbyterians defeated the South Methodists, 39 to 16, both sides battling the pitchers freely.

Friday evening the Methodists and Christians will play. On next Monday the Presbyterians and United Presbyterians will meet in the first of the final games. This game promises to be the best of the series and may settle the race, for if the Presbyterians win this game they will have the pennant won, while if the United Presbyterians win it will result in a three-cornered fight between the Presbyterians, United Presbyterians and First Methodists.

**Standing of Teams**  
Team Won Lost Pct.  
Presbyterian ..... 4 0 1.000  
United Presbyterian ..... 3 1 .750  
Methodist ..... 2 1 .667  
Edison ..... 2 2 .500  
Christians ..... 0 3 .000  
So. Methodist ..... 0 4 .000

**Newport-Balboa Stage**  
—Taylor's beach auto stage line will run every 30 minutes from Fullerton, Anaheim, Orange, Santa Ana, to Newport and Balboa, either direction; commencing June 20, 6 a.m. Fare, 35c one way; 50c round trip to Newport, 60c to Balboa.

McElree for windshield glass.

## CAR'S GLOSSY SIDE STOPS BALL GAME

Studebaker "Six" Dazzles Players' Eyes With Results Nearly Disastrous

When, after a long day's run across country in a Studebaker "Six," C. A. Lemmon of Cleveland arrived in the outskirts of Dubois, Pa., he found a championship baseball game in lively progress.

Mr. Lemmon and the members of his party voted unanimously on a stop at the ball yard. They rolled in through the carriage gate, were assigned parking space near the foul line back of third base and settled down to await developments.

These developments came thick and fast.

The Dubois catcher grabbed blindly to his right for a third strike on an opposing batsman; the ball passed on his left.

The second man rolled up a grounder toward the shortstop; the ball eluded his hands and smote him on his manly chest.

The next batsman lifted a high foul. The third baseman went after it in a groping way, over-ran it and narrowly escaped death when the ball hit him a glancing blow on the head.

While first aid was being administered, Mr. Lemmon noted that the players of both teams were in an animated conference and that they were frequently pointing toward him and his car.

The umpire later added his presence to the conference. Then the entire coterie moved toward Mr. Lemmon's position. While he and his party looked on in a puzzled way, the umpire and players moved about the car and postured in various positions.

"That's what's doing it," declared the arbitrator, and advanced toward the puzzled party in the Studebaker.

"Sorry, sir," he remarked to Mr. Lemmon, "but if you don't move that car I'll have to call this game."

"Call it—What for?" replied the astounded motorist.

"Why, on account of reflection, I guess. The sunshine hits in a dozen places and reflects back into the players' eyes so they can't see the ball."

"Well, that's the highest compliment for automobile finish I ever heard," laughed Lemmon, "but I guess we can fix matters up."

By covering the entire side and front of the car with linen dusters, supplemented with robes secured from other motorists in the parking space, the side of the Studebaker "Six" was finally swathed from the sun's rays and the game proceeded with the players handling the ball as accurately as their adherents had a right to expect.

—Dr. James W. Shaul, Eye, Ear, Nose and Throat, Suite 417-19 Hollingsworth Bldg., Los Angeles. Will be in Santa Ana afternoons.

**ORANGE COUNTY SAVINGS AND TRUST COMPANY**

We act as Executor, Trustee, Administrator or Guardian.

CAPITAL AND RESERVE \$318,875.00

# Overland \$950

## The Strict Maintenance of this Price Is Your Guarantee of Security

THIS list price is established and maintained all over the country. It makes no difference whether you purchase your Overland in New York or New Mexico—this price never varies.

Recently, ten friends decided to each get an Overland. They went to an Overland dealer in a body—said they would take ten cars on the spot if he would give them 5 per cent off. He refused. They argued that his neighboring competitor had already offered them 10 per cent off on the car he represented. The Overland dealer then replied that if they would wait a few days longer the man next door would probably give them 20 per cent off. They did wait a few days—they then bought ten Overlands at the full list price.

Now—these men bought the Overlands, not because they knew so much more about the car, but because they had complete confidence in the Overland dealer who had the one fixed price and absolutely no confidence in the competing dealer who had a variety of prices.

It does not take any great amount of intelligence to see through the weaknesses, drawbacks and insecurity of a cut-price car proposition. Either the car, or the factory behind it, or the dealer, or all three cannot be relied upon.

Remember—that in purchasing an Overland you get a great deal more than just the best car for the least money; you get service that is dependable, permanent and international.

That the public has firm

faith in the Overland is amply evidenced by the following record breaking figures:

Up to date we have delivered over \$42,000,000.00 worth of nineteen fourteen Overlands. Right now the public is investing over \$250,000.00 a day in Overlands.

If we did not out-class (both in car value and service) those who are continually cutting their price how could we continue to get the greatest volume of business?

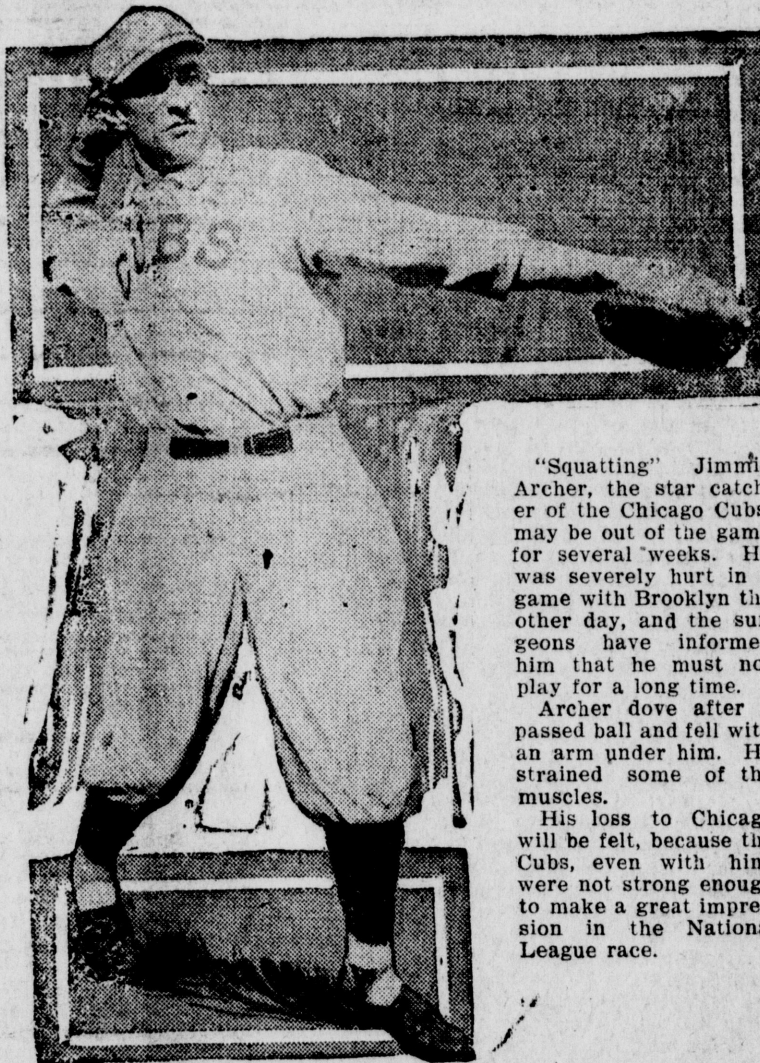

The Overland is a larger car; a more powerful car; a more comfortable car; a more complete car and a more thoroughly made car than any other for the price.

And it costs you 30 per cent less than any other similar car.

Why don't you have an Overland demonstration?

MAIN AUTO CO. F. L. Austin, Cor. Main and Third Sts.

## CATCHER ARCHER, CHICAGO CUB STAR, OUT OF GAME THROUGH INJURY TO HIS ARM

"Squatting" Jimmie Archer, the star catcher of the Chicago Cubs, may be out of the game for several weeks. He was severely hurt in a game with Brooklyn the other day, and the surgeons have informed him that he must not play for a long time.

Archer dove after a passed ball and fell with an arm under him. He strained some of the muscles.

His loss to Chicago will be felt, because the Cubs, even with him, were not strong enough to make a great impression in the National League race.

## Leads in May Registrations of Automobiles

The following is a list of cars selling at over \$1000, registered in California during the month of April. —Buick again heads the list.

## Buick 166

Stutz	2
Oldsmobile	1

**Orange County Garage Co.**  
405-407 East Fourth St. Santa Ana, Cal.

## Gahm Auto Starter

Have secured the agency for the Gahm Auto Starter, which can be used on Ford, Overland and Studebaker cars. This is a simple device and is absolutely positive as it turns the engine a half revolution every time you pull the handle. By using the starter all damage from backfiring is eliminated. Price installed \$15.00.

**Also have the B & B SAFETY STEERING DEVICE** which prevents all wobbling when going over rough roads and is a protection in case the steering gear should break. For demonstration see us at 419 North Broadway. GUS STUMPF.

## Upson Board

is the best wall board. Let us prove it to you. See us for mill work, cement, roofing and everything in lumber.

**Pendleton Lumber Co.**

## A Few Skillful Touches

may be all that a wheel needs to make it right. We give them without trying to make a big job of repairing out of it. So don't tinker with your bicycle when it gets out of whack. The more you tinker, the bigger chance you have of making things worse instead of better. Bring it here and have it fixed right at once.

**GEORGE C. POST**

306 West Fourth St.

# BASE BALL

Sunday, June 28

SANTA ANA MOOSE

vs. REDONDO

**NEW BALL PARK**

(Fruit street, east of Santa Fe tracks)

Admission 25c. Game called at 2:30. Good parking space for automobiles free.

## SURF FISHING AT SYCAMORE CANYON

W. G. Gould, W. C. Cunningham and Byron Walbridge left yesterday noon upon a surf fishing expedition to Sycamore canyon, about five miles south of Corona del Mar. The party took the trolley to Balboa, and from there went by launch to Rocky Point. From the latter place the party went to the canyon foot. They took no blankets and no overcoats, intending to make the affair somewhat of a "roughing it" expedition. They planned to return to Santa Ana this evening.

## CLEMENCY FOR FOUR OF CONVICTED DYNAMITERS

WASHINGTON, June 24.—President Wilson has denied clemency to all but four of the laborite convicted at the Indianapolis dynamite trials and sentenced to terms in Leavenworth federal penitentiary. Michael Hanon, Frank Painter, Fred Mooney and Wm. Shoop were the exceptions. They received commutations. The other seventeen defendants, now out on bail, must go to Leavenworth tomorrow.

—Go to school next Monday at Orange County Business College.

Santa Ana Painless Dentists, 102 1/2 East Fourth St. Main 253.

## "MUT AND JEFF" VISIT SANTA ANA

That Mutt has joined the Orange County Automobile League is announced in a pen and ink drawing now on exhibition in that firm's window.

The picture shows Mutt, big as life, looking at Jeff in a scornful way as if to say "Why don't you join this League and get a new tire like I have instead of worrying along with that old worn-out tire of yours?"

Mutt has taken advantage of the special offers which the Orange County Auto League has made on tires for the next week. These prices are announced elsewhere in the Register "Pink."

The Modern Dry Cleaning Co., 519 N. Main St. Both phones.

## Automobile Repairing

Let me figure your repair work. I can save you money. All work guaranteed.

Res. and Garage, 917 East Pine St. Sunset 784W.

ROY H. CHAMNESS.
